

Quest for the Antarctic Circle

Experience an in-depth exploration of the Antarctic Peninsula with the pioneers of Antarctic cruising, featuring **nine days on the continent**—our longest, most comprehensive Antarctica experience available. This is the pinnacle of expeditionary travel as we push further south into rarely visited territory in pursuit of the Antarctic Circle. *National Geographic Endurance,* your home base for the adventure, is purpose-built to offer unprecedented access to these rarified places, and our diverse team of experts will ensure we maximize our time in the region. Along the way, Zodiac cruise around enormous icebergs, watch for whales off the bow, kayak in tranquility, and hike onshore. Choose an active agenda or surrender to the pleasures of relaxing downtime and shipboard camaraderie. Plus, get top shots with the help of a National Geographic Photography Expert.

Day by day

■ DAY 1

Buenos Aires, Argentina

Arrive in Buenos Aires, the cosmopolitan capital of Argentina.

Transfer from the airport to the Alvear Icon, or similar.

Arrival Time: Arrive before 11:30 a.m. local time.
Arrival City: Buenos Aires, Argentina

◇ DAY 2

Fly to Ushuaia, Argentina / Embark Ship

Fly to Ushuaia, the southernmost city in the world. Enjoy lunch on a catamaran cruise of the Beagle Channel. Embark the *National Geographic Endurance*.

Meals included: breakfast, lunch, dinner

◇ DAYS 3-4

At Sea Crossing the Drake Passage

This 500-mile-wide strait between South America and the Antarctic Peninsula is one of the most famous bodies of water in the world. Sometimes ferocious, sometimes flat calm, the Drake is always a fascinating place in its own right. This part of your journey is the best opportunity to see gorgeous seabirds like the wandering albatross, and you might be lucky enough to encounter killer whales or rare species of dolphins. This is also a day to get to know the ship and prepare for your adventures ahead. Visit the Bridge (a great place to spot wildlife), have a relaxing massage, attend a talk about the biology of the penguins you'll soon be seeing or settle into a comfy chair in the observation lounge looking out over the waves and reflect on the incredible history of this fabled passage. If it does get a little rough, just take a couple of nice naps; you'll be in Antarctica before you know it.

Meals included: breakfast, lunch, dinner

◇ DAYS 5-13

Deep Exploration Towards the Antarctica Circle

With long hours of daylight at this time of year and nine days on the Continent, you'll experience more as you sail in the wake of history's boldest explorers on a quest to cross the legendary Antarctic Circle. Your schedule is flexible, and the state-of-the-art ship you'll be sailing on allows you to get deeper and go further to explore the unexpected—whether it's watching whales at play off the bow of the ship, walking amid thousands of Adélie and gentoo penguins, enjoying an evening Zodiac cruise under the spectacular midnight sun or even discovering a new uncharted cove. While wildlife is magnificent, ice defines the Antarctic. You'll get to know ice up close and personal, from icebergs the size of islands, bergy bits and near-vertical glaciers to the fragile, nearly invisible layers that have just begun to freeze.

One day, you might set out by kayak to encounter towering icebergs at water level or embark on a Zodiac excursion in search of seals and blue-eyed shags. The next, you might experience the thrill of the ship crunching through pack ice. No matter where you go in Antarctica, you're surrounded by opportunities to capture uniquely beautiful images. Along the way, your expert expedition team will enrich your experiences and the vessel's *Icemaster* Captain will navigate you safely through these icy waters.

Meals included: breakfast, lunch, dinner

◇ DAYS 14-15

At Sea

Enjoy the ship's amenities as the coast of Antarctica disappears from view. Round the southernmost tip of South America and see the meeting of the Atlantic and Pacific Oceans. Take some time to go through your photos. Send a message home to friends and family saying: "Don't want this to end!" And celebrate your voyage at a farewell dinner on board.

Meals included: breakfast, lunch, dinner

■ DAY 16

Ushuaia / Disembark Ship / Buenos Aires

Disembark in Ushuaia, the southernmost city in the world. Fly to Buenos Aires and connect with your overnight flight home.

Departure Time: Depart after 9:00 p.m. local time.
Departure City: Buenos Aires, Argentina

Meals included: breakfast

The sister ship to *National Geographic Endurance*, she explores polar & temperate regions

Our second new polar build, *National Geographic Resolution*, is named to honor the second voyage of the legendary Captain James Cook. A fully-stabilized vessel of the highest ice class (PC5 Category A), she will enableadventurous guests to go where few have or can. Resolution's most striking exterior feature is her distinctive profile, the patented X-Bow®, a game-changing design that guarantees the smoothest, most comfortable ride in all kinds of conditions; and since it eliminates bow impact, a quieter ride, as well.

An equally impressive feature may well be her capacity: she carries just 138 guests, a commitment to expedition excellence over scale. Scandinavian-inflected, luxuriously appointed, her inviting interiors would be a destination in themselves. Because she is a Lindblad expedition ship, however, her attention is focused on the world outside — with acres of window glass to keep you connected to the stunning views beyond the pane, and a fleet of expedition tools to get you out exploring.

National Geographic Endurance and *National Geographic Resolution* are next-generation expedition ships. Purpose-built for polar navigation. Fully stabilized, highly strengthened, ice-class Polar Code PC5 (Category A) vessels, they are designed to navigate polar passages year-round, and safely explore uncharted waters, while providing exceptional comfort. The patented X-bow ® is key to their design; its powerful wave-slicing action provides an extremely smooth ride even in adverse conditions, and even reduces spray on deck for superior observation. They carry a full suite of expedition tools, and offer a variety of experience enhancing amenities.

Self-Disinfecting Ships

ACT Clean CoatTM is a light-activated, self-disinfecting cleaning process that continuously breaks down viruses, bacteria, mold, and airborne allergens across all ship surfaces. Not only does this create a cleaner, healthier shipboard environment for guests and crew alike, but this non-toxic, chemical-free system also saves more than one million gallons of water each year in our cleaning procedures, and reduces our carbon footprint as well as the amount of plastic and waste in our supply chain.
