ABOARD DELFIN II—THE AMAZON’S FINEST SHIP | 2016-17
Lindblad Expeditions and National Geographic have joined forces to further inspire the world through expedition travel. Our collaboration in exploration, research, technology and conservation will provide extraordinary travel experiences and disseminate geographic knowledge around the globe.
Veteran expedition leader, Carlos Romero, recently emailed me, and I found his musings on the region so inspiring, I asked him to write a letter to accompany this brochure. I hope you find his observations as compelling as I do.

—Sven-Olof Lindblad, Founder & CEO

DEAR TRAVELER,

When I welcome our guests to the Amazon I like to ask if they’ve been to Galápagos or Alaska—places where they reliably see large, iconic wildlife. Invariably many of our well-traveled guests have seen these places, and then I tell them that they must forget those experiences and learn to explore a wild place in a new way—one that they will ultimately find very rewarding.

The jungle at the headwaters of the Amazon lives and breathes. It is an entity unto itself. It is the sound of macaws and toucans flitting through the canopy, not just the sight; the shaking of a huge ficus tree’s branches as monkeys soar through its open spaces; the change in temperature and humidity on your skin as the day passes to dusk; the shape-shifting jungle horizon as birds hide for the night and caiman and night monkeys emerge. It is a very complex ecosystem of micro fauna, plants, vastness, sounds, and history. It is a place that you have to live to believe.

Our expedition in the region is, appropriately, as immersive as the jungle. We have rewarding natural history experiences, cultural experiences with the local inhabitants of the area, enjoy wonderful company and music, and excellent meals that highlight regional flavors.

The ship is, simply, the perfect platform for exploring the region. It is ideally sized with only 14 cabins. And outfitted with comfortable, custom-made skiffs that are specially designed to tuck into narrow canopied waterways, so we can discover the hidden ponds and flooded forests of these wild headwaters.

The Amazon is an incredible, holistic travel experience unlike anything else. I hope to welcome you here soon.

Best regards,

Carlos Romero
Expedition Leader

P.S. If you have the time, consider combining the Upper Amazon with either Peru’s highlands or the Galápagos. The transition is remarkably smooth. See pages 12-15 or call for details.
THE LUXURY OF COMFORT IN THE HEART OF THE JUNGLE

Discover the wildest reaches of the remote Amazon—in supreme comfort aboard the 28-guest *Delfin II*, the river’s finest ship. Specially designed to sail these winding green-shrouded headwaters, it can venture into the jungle’s wild heart—and its fleet of nimble skiffs and kayaks allow us to venture even deeper.

Panoramic windows bring extravagant river views inside the air-conditioned, newly renovated top deck and staterooms. Rattan sofas in the lounge are perfect for relaxing and watching the riverscapes glide past in the afternoon, and they offer ideal seats for evening Recaps and lively presentations on wildlife photography, medicinal plants in the Amazon, and much more.

Dining is a unique rain forest experience. From the rainbow of fresh-squeezed juices in the morning to the chocolate placed on your pillow each night, most of the ingredients used aboard are sustainably sourced from the region we explore. And Peru’s tradition of flavorful fusion cuisine ensures that each day will offer fresh palate pleasures. The dining room’s artful table settings are a surprise at every meal and feature décor crafted by gifted artisans in the village we’ll visit. Enjoy active days exploring, and return to the finest accommodations on the river.

Clockwise from left: Dining aboard is five-star, local, and sustainable, and place settings are changed at every meal to feature locally crafted pieces; the intimate, 28-guest Delfin II; staterooms are spacious, with panoramic river views; massages are offered on board; the newly renovated top deck comfortably accommodates the entire expedition community during daily Recaps.
TUNE YOUR SENSES TO THE RAIN FOREST

Discover the jungle’s wild pulse. Hear it in the noisy silence of birdcalls at dusk. Feel it in the shroud of fog across the morning river. See it in the crashes and creaks of its cathedral canopy of green. And then enter the jungle and discover the all-five-senses experience of exploring here.

Clockwise from top: The dusting hour begins an enchanting landscape transformation; capped heron; water levels can rise by feet overnight creating new, never-explored tributaries; squirrel monkey; expert local guides ensure we see the rare and iconic wildlife; caiman lizard.
GO WITH THE TOP TEAM

Travel with the best staff in the region, including a veteran Lindblad expedition leader and a Lindblad-National Geographic certified photo instructor. Explore with local guides who grew up along the river and maintain deep ties to communities we visit—their expertise ensures maximum wildlife sightings and rewarding, mutually beneficial encounters with the people of the Amazon.

Surrounded by birds in flight on a skiff ride.

Reninger Coquinche Arevalo
Naturalist

Raised in a town along the banks of the Rio Huallaga in the Peruvian Amazon, Reny has been a naturalist in the Amazon for over 30 years. He has worked with various scientists, including renowned botanist Alwyn Gentry.

Carlos Romero
Expedition Leader and Certified Photo Instructor

A 16-year expedition leader, Carlos brings his deep experience in conservation biology to the Amazon, and as a certified photo instructor he offers tips to capture jungle wildlife at its best.

Adonai Rodriguez
Naturalist

Originally from a small village on the banks of the Amazon River, Adonai perfected his wildlife spotting and identification skills working with biologists, ornithologists, and ichthyologists in rain forest lodges. He also teaches jungle survival and has led groups in the Andes.
EXPEDITION PHOTOGRAPHY: OUR EXCLUSIVE PROGRAM

Every expedition sails with a Lindblad-National Geographic certified photo instructor at your service. This veteran naturalist is trained to assist you with camera settings, the basic elements of framing, composition and lighting, and to provide shooting tips to ensure you go home with fantastic photos. And since your photo instructor is a veteran naturalist, they are uniquely adept at helping you understand the nuances to shooting extraordinary wildlife photos in the dynamic environment of the Amazon.

Juan Carlos Avila
Expedition Leader and Certified Photo Instructor

A former primary school teacher and rescue diver, Juan brings a deep knowledge of the rain forest’s flora and fauna. As a certified photo instructor, he is adept at providing timely tips in the field to photographers from novices to published pros.
The Amazon’s ribereños live close to ancestral traditions while embracing education and empowerment. Meet them in their dugout canoes on the river and in their stilt-home villages and schools. Meet the women, men, and youth eager to share their community improvement projects and look forward to mutually rewarding encounters—like purchasing their handicrafts in village markets.

Their welcoming spirit inspires generosity in return. The Lindblad-National Geographic Fund—with donations from our guests—supports conservation, education, and community development priorities in the region. A recent grantee, Minga Peru, is a nonprofit working to improve the lives of ribereños through education in income-generating projects like agroforestry, fish ponds, and sustainable management of natural resources. Together with our guests we are strengthening local communities and decreasing pressure on virgin forests and rivers.

Clockwise from top: Handicrafts in a tiny village’s market; daily life in a small community on the river; a Minga Peru community promoter crafting in her home; an agroforestry farm in a river community we regularly visit.
10 DAYS/9 NIGHTS—ABOARD Delfin II
PRICES FROM: $6,690 to $8,690 (See page 16 for complete prices.)

EXPEDITION HIGHLIGHTS
▶ Explore the lakes of the flooded forest of Pacaya-Samiria National Reserve with a team of experienced naturalists.
▶ Spot legendary wildlife of the Amazon, including pink and gray dolphins, monk saki monkeys, piranhas, and scarlet macaws.
▶ Get acquainted with native ribereños on a visit to a community at the river’s edge.
▶ Gaze at the wilderness from the comfort of the Delfin II, and enjoy delicious, local meals prepared by our onboard chef.

“The dolphins are swimming through the trees. Bending sinuous bodies, they glide through branches and curl like snakes around fluted trunks. As frog-green fish dart through the leaves, the dolphins, pink as bubble gum, snap at them with long, toothy beaks. This is not some kaleidoscope dreamscape from a novel by Gabriel Garcia Marquez; this is the wet season in the upper Amazon.”
—MARK JENKINS, “RIVER DOLPHINS,” NATIONAL GEOGRAPHIC MAGAZINE, JUNE 2009

EXPERIENCE & EXPERTISE
We have conducted numerous Amazon expeditions in our history, and launched our first voyage aboard the beautiful, 28-guest Delfin II in August 2010. In order to provide expedition leadership in this pristine region, we tapped our tenured expedition leaders to lead our Amazon voyages, providing our guests with the same in-depth interpretation they find on our other expeditions. Our veteran team is highly knowledgeable about this region, and trained to illuminate all the discoveries you’ll make.

Visit our website to read staff bios for this expedition.

Hoatzin takes flight.
DAY 1: U.S./LIMA, PERU
Arrive in Lima in the late evening and transfer to our conveniently located hotel, Wyndham Costa del Sol Lima Airport Hotel.

DAY 2: LIMA/QUITOS/NAUTA
Enjoy a morning tour of Lima, then fly to Iquitos and continue overland to the riverside village of Nauta, where the Delfín II awaits. Settle into your cabin, and gather for a welcome dinner of fine Peruvian cuisine on board. Tonight, step out on deck to gaze at the magnificent Amazon night sky. (B,L,D)

DAYS 3–8: PACAYA-SAMIRIA NATIONAL RESERVE
Spend this week exploring the Pacaya-Samiria National Reserve, a pristine swath of jungle—stretching more than five million acres, and harboring some of the Amazon’s most fascinating flora and fauna. Bordered by the Marañón and the Ucayali, these two powerful rivers converge to create the famed Amazon, which floods annually with nutrient-rich waters and is known locally as the Mirrored Forest for the reflections created by its glassy water.

Set out into this remarkable wilderness on daily excursions by skiff, kayak, and, when the water level permits, hikes on dry land. Skim past giant lily pads afloat on black-water lakes, and venture deep into the rain forest on narrow tributaries. Spot sloths and monkeys, including variably colored saddleback tamarins, noisy howlers, and shaggy-tailed monk saki monkeys. Watch for an astounding variety of birds, from tanagers and hummingbirds to parrots and endangered scarlet macaws.

In the river, look for massive paiche fish, the Amazon’s largest; rare pink dolphins; and the infamous piranhas.

Enjoy an opportunity to swim in a lake in the reserve’s interior. Seek out victoria amazonica, a giant water lily that grows in small lagoons. Go on a bird-watching hike, listening for the vocal oropendola and then looking for its telltale yellow tail. Watch the sun set and listen to a cacophonous symphony of nocturnal animals calling out across the treetops. Then slip through the forest in a skiff as night falls, using a spotlight to find caimans, frogs, fishing bats and other creatures of the night.

Pay a visit to one of the communities on the reserve’s edge and get to know the ribereños, those who live on the riverbanks, and their age-old traditions. Enjoy watching them make jewelry and other local handicrafts. Learn how local subsistence farmers cultivate wild plants and trees to earn income. Hear about how the locals find edible fruits and indigenous plants with medicinal properties hidden in the jungle. (B,L,D Daily)

DAY 9: NAUTA/QUITOS/LIMA
Enjoy one last morning excursion by skiff to view wildlife. After lunch, disembark in Nauta, and return to Iquitos overland for a late-afternoon flight to Lima. Overnight at the Wyndham Costa del Sol Lima Airport Hotel. (B)

DAY 10: LIMA/U.S.
After breakfast, transfer to the airport for your flight home. (B)

NATIONAL GEOGRAPHIC GUEST SPEAKER
Conservation biologist and wildlife ecologist Taylor Edwards is a reptile and amphibian aficionado. At home in rain forests, his research has taken him around the world. Taylor will join a diverse group of naturalists on our Season 3, 2016 departure.
UPPER AMAZON + GALÁPAGOS

20 DAYS/19 NIGHTS
DEPARTURE: Combine a Galápagos expedition with Upper Amazon on a number of our 2016 & 2017 departures. Please call for details.
PRICES FROM: $13,280 to $22,850

EXPEDITION HIGHLIGHTS
▶ Walk and snorkel among the abundant, iconic Galápagos wildlife that is unfazed by your presence.
▶ Hike pristine islands, kayak their peaceful shorelines, and explore the Galápagos underwater.
▶ In the Amazon, discover an entirely different kind of biodiversity—macaws, monkeys, sloths & more, plus meet the ribereños—inhabitants of the jungle we explore.

"I saw my first wild, free-ranging tortoise on Santa Cruz. Amid lush uplands, they glistened like black bubbles on the green margins of rain-filled ponds."
—ROGER TORY PETERSON, "THE GALÁPAGOS: EERIE CRADLE OF NEW SPECIES," NATIONAL GEOGRAPHIC MAGAZINE, APRIL 1967

EXPERIENCE & EXPERTISE
The quality of our veteran staff and their companionship is the reason the Lindblad name is known and respected for top-quality expeditions. Our experts in the Peruvian Amazon and Galápagos include both tenured expedition leaders and local experts, providing our guests with the most in-depth, illustrative experience of both destinations.

Sea lions greeting one another.
DAY 1: U.S./GUAYAQUIL, ECUADOR
Depart for Guayaquil and upon arrival, transfer to the Hotel Hilton Colón.

DAY 2: GUAYAQUIL/GALÁPAGOS
This morning, fly to the Galápagos Islands and board National Geographic Endeavour/Endeavour II*. After lunch, we begin our exploration of the islands and their diverse wildlife. (B,L,D)

DAYS 3–8: EXPLORING THE GALÁPAGOS
Listed are a sample of the islands we visit during our expedition.* (B,L,D Daily)

Isla Bartolomé
Walk to the top of Bartolomé’s volcanic cone for a stunning view of Pinnacle Rock and the surrounding golden sand beaches. After the hike, immerse yourself among schools of multicolored reef fish. You may also have the opportunity to swim with Galápagos penguins.

Isla Santiago
Follow a path along a series of tide pools and underwater caverns in search of Galápagos fur seals, marine iguanas, sea lions, shore birds and Sally Lightfoot crabs.

Isla Santa Cruz
Santa Cruz is home to the Charles Darwin Research station; learn about the science done here and visit the neighboring captive breeding program for endangered species of Galápagos giant tortoises, run by their partners in conservation, the Galápagos National Park Service. Later, travel into the highlands to observe and photograph these tortoise in the wild.

Isla Isabela
Spend the early morning on the lookout for dolphins, whales, sea turtles, and the only penguin species that inhabits the equator. Cruise by Zodiac and hike against the backdrop of giant shield volcanoes, and snorkel in the cool, rich waters that often draw whales and dolphins to the area.

Isla Floreana
At Champion Islet, snorkel among sea lions, or peer into an underwater world in a glass-bottom boat while keeping an eye out for the endangered Floreana mockingbird. Those interested can visit Post Office Bay, founded by whalers in the 18th century—if you see a letter addressed to someone who lives near you, the tradition is to deliver it by hand.

Isla Fernandina
Discover the marine iguana haven of Punta Espinoza as we hike over lava flows. Galápagos hawks, sea lion nurseries and the rare Galápagos flightless cormorant will be found as we explore this island.

Isla Española
See swallow-tailed gulls, Española mockingbirds, boobies, and waved albatross on this birder’s paradise. Walk among vivid green and red marine iguanas and unique lava lizards, and observe sea lions up close on a pristine white-sand beach.

DAY 9: GALÁPAGOS/GUAYAQUIL/LIMA, PERU
Depart Galápagos this morning and fly to Lima, Peru via Guayaquil, arriving in the evening. Overnight at the conveniently located Wyndham Costa del Sol Lima Airport Hotel. (B,L)

DAYS 10-19: AS PER UPPER AMAZON ITINERARY ON PAGES 10-11.

DAY 20: LIMA/U.S.
After breakfast, transfer to the airport for your flight home. (B)

*Please note: Itineraries vary slightly from week to week, subject to the Galápagos National Park regulations. Each itinerary will include Isla Santa Cruz, Isla San Cristóbal and a selection of the other stops listed on this page.

*National Geographic Endeavour will be replaced by National Geographic Endeavour II in January 2017. Call for details.
