DEAR TRAVELER,

I'm writing this from a small cottage in Maui where I've spent the holidays. It's been relaxing and a bit crazy, but with plenty of time to think.

Now just a few days into 2019, I'm excited about this year and what it portends. It is the 40th anniversary of what started as a division of my father's company in 1979; and it's the 15th anniversary of the Lindblad Expeditions-National Geographic partnership. Anniversaries tend to make you take stock: what happened on the way, and what shape will the future take. I'm going to try to write a book this year about the journey thus far, because it has had many chapters, and I believe there is so much still to do.

Looking back, what I feel most sanguine about is that the character of our intentions has not changed at all. Our mission has been and remains—to make it possible for our guests to explore the wonders of our world and be deeply inspired by all they have seen and learned. I think it's relevant to quote the great 18th-century explorer-naturalist, Alexander von Humboldt, who wrote, *"The most dangerous worldview is the worldview of those who have not viewed the world."* That is certainly as true today as it was then.

It is worth noting that exploration travel is now becoming a booming industry. You, as a citizen explorer, will have no end of choices as you consider journeys throughout the globe.

What I can tell you with total conviction is that our history has taught us many things. Expeditions require deep and thoughtful research; teams of people with knowledge, experience, and commitment; and appropriate platforms, in our case fully equipped ships, suitable for the mission. And a key element of 'suitable' is limiting the number of people on any single expedition. This is absolutely critical, to create the greatest possible opportunity for our guests, and also to control the impact we have on the places we explore.

So, I hope you enjoy exploring the pages, and the thrilling possibilities, that follow, and that ultimately you choose to trust the quality of your experience to us.

All the best,

Sven-Olof Lindblad

It's a freaking miracle to see humpbacks spy-hopping, breaching, and bursting with curiosity and teenage exuberance.

It's quite another to see and feel the muscularity mere feet from your Zodiac.

As certified photo instructor Eric Guth's incomparable photos show, thrilling stuff happens on our Antarctica.

A native Tlingit cultural interpreter joins us to share the lore and legend of the area. We will also be joined by a National Park Service Ranger. Gray whale, San Ignacio Lagoon.

DAY 1: SAN JOSÉ DEL CABO/LA PAZ

Upon arrival in San José del Cabo, transfer to La Paz and check in to the CostaBaja Resort & Spa, located on the shore of the Sea of Cortez, just south of Isla Espíritu Santo. (D)

DAY 2: LA PAZ/SAN CARLOS/EMBARK

This morning is on your own to relax and take advantage of the resort and spa amenities. Check-out in the late morning and depart for lunch at a local restaurant in La Paz. After lunch, transfer to San Carlos and embark the *National Geographic Venture*. (B,L,D)

DAY 3: BAHÍA MAGDALENA

Explore the ever-shifting sand dunes of Isla Magdalena, on a cross-island walk to one of the most pristine beaches in the Pacific. Bird watching here can be excellent—magnificent frigatebirds, pelicans, cormorants, terns and great blue herons, ibis, whimbrels and willets are among the species we might see. It's not unusual to see forty species of birds in just one day along these fertile shorelines where they refuel for their destinations ahead. (B,L,D)

DAYS 4 AND 5: LAGUNA SAN IGNACIO

Protected since 1993 as part of UNESCO's Whale Sanctuary of El Vizcaino, Laguna San Ignacio is one of the world's most important breeding sites for California gray whales. Each winter, during their long migration, gray whales travel south from their Arctic feeding grounds to breed and raise their calves in these sheltered waters. Observe migrating

whales from the ship and up close from local pangas and our Zodiacs. Watch for osprey, Brant geese and countless other breeding and migratory bird species, as well as bottlenose dolphins, during our explorations. (B,L,D)

DAY 6: AT SEA

As we travel south along the Pacific coast of the peninsula, there is a chance of seeing a wide variety of marine life, including the largest animal on Earth, the blue whale. Hear naturalist talks, and learn photography basics during a day at sea. (B,L,D)

DAY 7: LOS CABOS AND GORDA BANKS

This morning cruise past Friars Rocks at Land's End. Visit the historic town center of San José del Cabo, or join a birdwatching walk along the local estero. The afternoon is spent aboard ship in the area of Gorda Banks seamount or La Fortuna, gathering places for whales, especially humpbacks, dolphins and other sea life. (B,L,D)

DAY 8: LOS ISLOTES AND ISLA SAN JOSÉ

At Los Islotes, don flippers, a mask and snorkel (which we'll gladly provide) and swim with curious sea lions. We have a leisurely afternoon to swim, kayak or hike at Isla San José. Endemic yellow-footed gulls, brown and blue-footed boobies are all part of the landscape. Finish the day with a relaxing beach barbecue complete with a bonfire and a star-filled sky. (B,L,D)

**DAY 9: EXPLORING THE SEA OF CORTEZ**

Our plan is flexible today, as we explore some of the Sea's many uninhabited islands. Go ashore at Isla San Francisco, where a sweeping arc of white sand beach beckons you to try out our fleet of kayaks and standup paddleboards. Hike to the nearby ridge for unparalleled views with your Naturalist. One of the larger islands in the Sea of Cortez, San José offers several landing possibilities depending on conditions and the whim of the moment. Photograph the ochre cliffs of the island's eastern shore, hike an "enchanted" arroyo, or visit the abandoned salt works to the west. Search for whales, dolphins and other marine life this afternoon among the islands of the southern Sea of Cortez. (B,L,D)

DAY 10: LA PAZ/DISEMBARK/SAN JOSÉ DEL CABO

Disembark in La Paz after breakfast and transfer to Los Cabos airport for flights home. (B)

DAYS 4 AND 5: LAGUNA SAN IGNACIO

Laguna San Ignacio is a large bay and favored haunt of the gray whales in Baja. The ship will linger in this remote and important locale, while we observe the mother and calf pairs—from the ship, and from water level in our expedition landing craft and local pangas. For some reason, the whales here seem to be friendlier than they are elsewhere. It's not unusual for mothers and calves to approach our boats, the calves often playing hide and seek—sometimes even welcoming a touch or a friendly chin scratch. (B,L,D)

DAYS 7–15: ISLANDS OF THE SEA OF CORTEZ

Cruise past the spectacular Friars Rocks at Land's End. For those who wish, we will arrange a visit to the historic town center of San José del Cabo. Isla San Pedro Mártir, Los Islotes, Isla San Francisco—these are some of the melodious names of islands scattered throughout this beautiful sea. After over 20 years of exploration here, we are still discovering new places and experiencing exciting events: bowriding bottlenose dolphins, or sperm whales near our ship; a pod of fin whales feeding around a convergence zone. The best areas for whale watching remain consistent—the waters south of Isla Carmen, Canal de Ballenas up north, and near the mouth of Bahía Concepción. Whether on the bridge of the ship, on expedition landing craft or kayaks, we will be in prime position to observe them all. (B,L,D)

DAY 1: SAN JOSÉ DEL CABO/LA PAZ/ EMBARK

Upon arrival in Los Cabos transfer to La Paz to set sail on the Sea of Cortez. (D)

DAYS 2–7: EXPLORING THE SEA OF CORTEZ

Our routing is designed with flexibility in mind, to maximize opportunities for wildlife sightings. It will most likely include the islands and activities listed below, although the order may vary. (B,I,D)

ISLAS SAN ESTEBAN AND SAN PEDRO MÁRTIR:

Walk up a desert wash, to search for desert birds and the endemic pinto chuckwalla—a plump, harmless desert lizard. Later visit Isla San Pedro Mártir, a 1,000-foot-high guano-covered island that is home to thousands of seabirds: brown pelicans, magnificent frigatebirds, Brandt’s cormorants and California sea lions.

ISLA SAN MARCOS:

At Isla San Marcos there is a beautiful shoreline for swimming, snorkeling, and kayaking. In the afternoon we are again in rich whale waters, near the mouth of Bahía Concepción where we have excellent possibilities of sighting several species of whales, including fin or sperm.

ISLA SAN JOSÉ:

One of the larger islands in the Sea of Cortez, San

José offers several landing possibilities depending on conditions and the whim of the moment. Photograph the ochre cliffs of the island’s eastern shore, hike an “enchanted” arroyo, or visit the abandoned salt works to the west.

BAHÍA LORETO MARINE PARK:

This morning we’ll search for whales in the waters south of Isla Carmen, an area that has proven to be one of the best for finding blue whales, and often bottlenose and common dolphins. In the afternoon we visit one of the islands of Bahía Loreto Marine Park, with ample time for kayaking, snorkeling, stand-up paddleboarding and possibly hiking. In the evening, enjoy a beach barbecue under the desert sky.

ISLAS LOS ISLOTES AND**ISLA SAN FRANCISCO:**

At Los Islotes, don flippers, a mask and snorkel (which we’ll gladly provide) and swim with curious sea lions. We have a leisurely afternoon to swim, kayak, or hike at Isla San José. ISABELA: Cross the Equator at Volcán Ecuador, northernmost of Isabela’s six great shield volcanoes. Keep an eye open for whales and dolphins, sea turtles and the elusive ocean sunfish. Over two days, land in the footsteps of Darwin and Melville, and look for wildlife along the wildly eroded volcanic shore.

FERNANDINA: One of the most active oceanic volcanoes in the world, Fernandina is the youngest and most pristine island in Galápagos—and home to the strange flightless cormorant, Galápagos penguins and the largest marine iguanas. Hikes ashore lead across impressive recent lava flows.

ESPAÑOLA: See swallow-tailed gulls, Española mockingbirds, Nazca boobies and, seasonally, the world’s only population of waved albatross at this birdy paradise, also home to vividly colored marine iguanas. Watch sea lions on the wide sand beach, and snorkel offshore, at Gardner Bay.

FLOREANA: Follow a trail past a rose pink-tinted lagoon frequented by flamingos. Snorkel among sea lions and abundant fish, or cruise along Champion Islet by Zodiac. Visit the famous barrel at Post Office Bay.

SANTA CRUZ: Visit Puerto Ayora, the largest town and headquarters of both the Galápagos National Park and Charles Darwin Research Station. See the monument to Lonesome George, and tour the giant tortoise breeding corrals. See the giant tortoises roaming in the wild in the lush, green highlands.

BARTOLOMÉ: Climb the steps to the summit of this 300-foot volcanic wonderland for stunning views. Explore, swim and snorkel from the beach. You might even see Galápagos penguins, one of world’s rarest.

SANTIAGO: Explore tide pools and look for fur seals sheltered in quiet grottos of black basalt. Swim, snorkel, kayak and paddleboard along Santiago’s spectacular coast, and explore an enchanting coastal forest where Charles Darwin once walked.

GENOVESA: Sail across the Equator to the remote northern realm of the Galápagos, surrounded by warmer tropical waters.

SAN CRISTOBAL: Search for red-footed boobies and the endemic mockingbird and lava lizard—found only on this easternmost island, and dig your toes into the powdery white sand at a gorgeous beach fronted by iconic Kicker Rock. Explore Baquerizo Moreno, where sea lions thrive in the middle of town.

Upon arrival this evening in Lima, check-in at the conveniently located Wyndham Costa del Sol Lima Airport Hotel.

**DAY 2: LIMA/CUSCO/SACRED VALLEY**

Board a short scenic flight to Cusco this morning, and continue to Moray—a visually stunning Inca site with dramatic agricultural terraces in the heart of the fabled and fertile Urubamba Valley. After lunch and an opportunity to experience a local market, check-in at Sol y Luna, our base for two nights. This serene Relais & Chateaux hotel offers individual adobe casitas set in a verdant garden. (B,L,D)

DAY 3: SACRED VALLEY

Spend the day exploring the archaeological sites and culture of the Sacred Valley in the company of National Geographic expert Peter Frost, who has lived and worked in Peru for decades. He or a colleague joins us for a talk at our hotel and a visit to the massive Inca stone fortress of Ollantaytambo, set above a thriving Inca community. Lunch is at a working, family-owned hacienda, where we are treated to a show of Peruvian Paso horses, and National Geographic grantee Nilda Callañaupa, founder of El Centro de Textiles Tradicionales de Cusco, demonstrates Inca weaving traditions. (B,L,D)

DAY 4: SACRED VALLEY/MACHU PICCHU

Marvel at the dramatic scenery and life along the river en route this morning by train to Machu Picchu, the Inca royal retreat famously introduced to the world by Hiram Bingham in the April 1913 issue of *National Geographic*

magazine. Check-in at the historic 31-room Belmond Sanctuary Lodge, adjacent to the World Heritage site, with the leisure to explore over two days in the company of our hand-picked tour director and local guides. Lunch and dinner at the hotel. (B,L,D)

DAY 5: MACHU PICCHU/CUSCO

Awaken this morning at Machu Picchu, where options include an early hike to the Sun Gate, the ancient final checkpoint to Machu Picchu on the Inca Trail. After lunch, return by train and bus to Cusco—the center of the Inca universe and a burgeoning cultural capital. Check-in at the Belmond Hotel Monasterio on Plaza Nazarenas in the heart of Cusco for two nights. Occupying a monastery founded in 1592, our hotel—like much of colonial Cusco—is built atop Inca stones. (B,L,D)

DAY 6: CUSCO

Explore the magnificently ornate 17th-century cathedral, sacred Inca Temple of the Sun, and other treasures of Cusco. Visit nearby Sacsayhuamán, where a series of imposing terrace walls, the most impressive yet, command views over the city. Relax, shop, or visit one of Cusco's many churches and museums this afternoon. Dinner is on your own tonight. (B,L)

DAY 7: CUSCO/LIMA

Return to vibrant coastal Lima this morning, where we stroll the Plaza Mayor and delight in a private farewell lunch with a special musical presentation at Casa Aliaga, one of the oldest houses in Lima. After a visit to the extraordinary

Larco Museum, dedicated to pre-Columbian art, check-in at Belmond Miraflores Park, set along the fashionable seaside promenade. Dinner is on your own. (B,L)

EXPERIENCE & EXPERTISE

35+
YEARS
EXPERIENCE

We have conducted numerous Amazon expeditions in our history, and launched our first voyage aboard the beautiful, 28-guest *Delfin II* in

August 2010. In order to provide expedition leadership in this pristine region, we tapped our tenured expedition leaders to lead our Amazon voyages, providing our guests with the same in-depth interpretation they find on our other expeditions. Our veteran team is highly knowledgeable about this region, and trained to illuminate all the discoveries you'll make.

DAY 1: U.S./LIMA, PERU

Arrive in Lima in the late evening and transfer to our conveniently located hotel, Wyndham Costa del Sol Lima Airport Hotel.

DAY 2: LIMA/IQUITOS/NAUTA/EMBARK

After breakfast, fly to Iquitos and continue overland to the riverside village of Nauta, where the *Delfin II* awaits. Settle into your cabin, and gather for a welcome dinner of fine Peruvian cuisine on board. Tonight, step out on deck to gaze at the magnificent Amazon night sky. (B,L,D)

DAYS 3–8: PACAYA-SAMIRIA NATIONAL RESERVE

Spend this week exploring the Pacaya-Samiria National Reserve, a pristine swath of jungle—stretching more than five million acres, and harboring some of the Amazon's most fascinating flora and fauna. Bordered by the Marañón and the Ucayali, these two powerful rivers converge to create the famed Amazon, which floods annually with nutrient-rich waters. The Pacaya-Samiria rivers are known locally as the Mirrored Forest for the reflections created by the glassy water.

Set out into this remarkable wilderness on daily excursions by skiff, kayak, and, when the water level permits, by foot on dry land. Skim past giant lily pads afloat on black-water lakes, and venture deep into the rain forest on narrow tributaries. Spot sloths and monkeys, including variably colored saddleback tamarins, noisy howlers, and shaggy-tailed monk saki monkeys. Watch for an astounding variety

of birds, from tanagers and hummingbirds to parrots and endangered scarlet macaws. In the river, look for signs of the massive *paiche* fish, the Amazon's largest; rare pink dolphins; and the infamous piranhas.

Enjoy an opportunity to swim in a lake in the reserve's interior. Seek out *Victoria amazonica*, a giant water lily that grows in small lagoons. Go on a bird-watching hike, listening for the vocal oropendola and then look for its telltale yellow tail. Watch the sun set and listen to a cacophonous symphony of nocturnal animals calling out across the treetops. Then slip through the forest in a skiff as night falls, using a spotlight to find caimans, frogs, fishing bats and other creatures of the night.

One of the unexpected joys of traveling in the Upper Amazon of Peru is the interaction we have with the local *riberieños*, the traditional people who live on the riverbanks. Visit one of the communities and see the projects that we support through a local non-profit, including a variety of handcrafts, women's health initiatives and sustainable farming. (B,L,D)

DAY 9: DISEMBARK/NAUTA/IQUITOS/LIMA

Disembark in Nauta, stopping at the Amazon Rescue Center on the drive to Iquitos. Fly to Lima, where we visit Museo Larco and celebrate with a farewell dinner. Overnight at the Wyndham Costa del Sol Lima Airport Hotel. (B,L,D)

DAY 10: LIMA/U.S.

After breakfast, transfer to the airport for your flight home. (B)

JUL. 3–15: EXPLORING SVALBARD, GREENLAND & ICELAND

Our itinerary, in keeping with the nature of an expedition, will be a thoughtfully considered framework based on our experience in this dynamic Arctic region. We'll take advantage of our 'human resources'—our experienced captain, expedition leader, and naturalists—as well as our technological resources. Armed with the latest satellite imagery, we'll chart where the ice is impenetrable, and where there are leads guiding us to exciting discoveries. We have an ice-strengthened hull and forward-searching sonar, plus agile Zodiacs and kayaks, allowing us to make forays among the ice. The undersea specialist will deploy the ROV and cameras, bringing back imagery few, if any, have ever seen. And with unforgettable days in the ice, and two professional photographers on board, you'll get your best photos ever. Svalbard is a place of deep fjords, snowcapped mountains, massive ice sheets, and one of the best places on the planet to observe majestic

polar bears in their natural habitat. Venture to the foot of vast tidewater glaciers, kayak among sparkling icebergs, hike the tundra, and explore fjords that split the coastline.

Svalbard's wonders are a prelude to discoveries on unknown shores, following the ice's edge. Our quest is to discover the Arctic's grand wilderness. Be on deck as our captain navigates between icebergs that drift from the calving glaciers. If the ice yields, we'll aim to explore some of the fjords on the east coast of Greenland, awakening from winter's icy grip. If the ice is unrelenting, we'll explore a bit further south down the coast. If we find it to be completely impenetrable, we will make our way to Iceland.

Our journey ends on the west coast of Iceland: Ísafjörður, a picture postcard of Icelandic life; the immense Látrabjarg cliffs, home to a huge population of razorbills; and Flatey Island, a former trading post. (B,L,D)

JUL. 16: REYKJAVÍK/DISEMBARK/U.S.

We'll see Iceland's capital, Reykjavik, for a guided overview of the old town, visit the famous Blue Lagoon thermal baths, and have lunch prior to our flight home. (B,L)

FABLED LANDS OF THE NORTH: GREENLAND TO NEWFOUNDLAND

17 DAYS/15 NIGHTS—ABOARD NATIONAL GEOGRAPHIC EXPLORER

PRICING FROM \$16,210 (See pages 112-115 for details.)

On this north-to-south expedition, we begin with the spectacular, 100-mile-long Kangerlussuaq Fjord. We'll sail through ice-thronged waters to confront the wondrous Ilulissat Icefjord, and navigate the Davis Strait to Baffin Island. We'll encounter Inuit culture through artisans and their traditional crafts; and hike the tundra, eyes peeled for caribou and arctic fox. Ranging through the Hudson Strait, we make our way, like the Vikings before us, further south to Newfoundland and Labrador, navigating magnificent icebergs. L'Anse aux Meadows is a UNESCO World Heritage site, and for us, modern ship-based explorers, it might well be the point where we feel the stir of our ancient inner Vikings.

EXPEDITION HIGHLIGHTS

- ▶ Glide between soaring icebergs at the mouth of the Ilulissat Icefjord, a UNESCO site.
- ▶ Wander amid the ruins of the Viking village of L'Anse aux Meadows.
- ▶ Meet Inuit artisans and learn about their carving and weaving traditions.
- ▶ Search for Arctic wildlife: whales, walruses and polar bears.
- ▶ Extend your stay in Iceland with a pre-voyage chance to explore the wonders of the Golden Circle. Details on expeditions.com/fabledext

EASTER ISLAND TO TAHITI: TALES OF THE PACIFIC

20 DAYS/17 NIGHTS—ABOARD NATIONAL GEOGRAPHIC ORION
PRICING FROM \$19,520 (See pages 116-119 for details.)

Following in the wake of early Polynesian navigators, this voyage takes you to the farthest reaches of Oceania. From remote and enigmatic Easter Island, to the historically significant Pitcairn Islands through the “low islands” of the Tuamotu Archipelago to Tahiti, you’ll visit islands that are virtually inaccessible and untouched. The voyage begins in one of the most isolated landfalls of Polynesia: Easter Island. Walk the length of untouched tropical beaches, meet the descendants of H.M.S. *Bounty* mutineers, and drift dive or snorkel through an atoll pass.

EXPEDITION HIGHLIGHTS

- ▶ Dive or snorkel the stunning reefs of Fakarava, part of a UNESCO Biosphere Reserve, and the Pitcairn Islands, identified as one of the most unspoiled reef systems in the world by National Geographic Explorer-in-Residence Enric Sala.
- ▶ Trace the legend of the ill-fated H.M.S. *Bounty* from Tahiti to Pitcairn Island, where descendants of its mutineers still live today.
- ▶ Explore the unusual geology and wildlife of Henderson Island, a UNESCO World Heritage site, and look for endemic bird species.
- ▶ Delve into the intriguing lost culture of Easter Island, and examine ancient burial sites and towering *moai* with an archaeologist.

EXPERIENCE & EXPERTISE

50
YEARS
EXPERIENCE

In 1967 Lars-Eric Lindblad set his sights on bringing travelers to Easter Island by air. But with no airstrip to speak of, it seemed an impossible challenge. Yet Lars’ resolve was as strong as the facilities on the island were weak, and after much negotiation and planning he orchestrated the building of the airport that was crucial for tourism. Now, 50 years later, our deep connection and unrivaled knowledge of this enigmatic archipelago allows us to offer an in-depth experience that shines a light on the astonishing legacy of a long-lost culture.

Easter Island, shrouded in mystery and guarded by the famous moai statues.

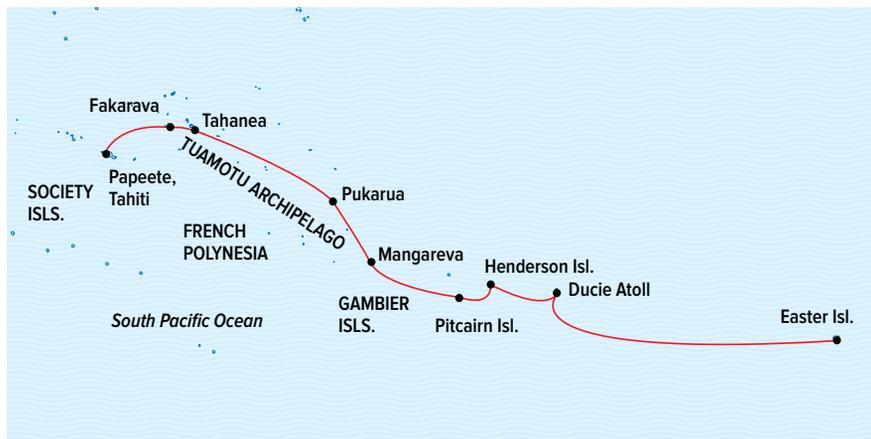

MAR. 28–APR. 1: U.S./SANTIAGO, CHILE/EASTER ISLAND/EMBARK
 Depart the U.S. on an overnight flight to Santiago, Chile. Upon arrival, transfer to the Ritz Carlton (or similar) in central Santiago then join your Lindblad-National Geographic staff this evening for a welcome reception. Early the next morning, fly to Easter Island where you will check into the Hangaroa Eco Village & Spa (or similar) for two nights. Explore volcanic calderas, jagged lava fields, and sweeping grasslands to discover the colossal *moai* statues, the astonishing legacy of a long-lost culture. Join archaeologists to examine these statues and discuss their meaning and creation; visit burial sites, quarries, and intricately carved ceremonial altars. Embark *National Geographic Orion*. (Mar. 30: L,D; Mar. 31 and Apr. 1: B,L,D)

APR. 2–6: AT SEA/PITCAIRN ISLANDS
 Set sail from Easter Island on our journey west, listening to talks by our experts as we sail for two days. We begin our exploration in Ducie Atoll, where we spend time watching for frigatebirds and boobies and snorkeling or diving among spectacular reefs. Our next stop is the UNESCO World Heritage site of Henderson Island, an uplifted atoll that is uninhabited and virtually untouched by humans. Discover the island’s four endemic bird species, rich flora and fauna, and fascinating geology.

Friendly local in the Tuamotus.

Many of the mutineers of the legendary *Bounty* made their home on Pitcairn Island in the late 18th century, and about 50 of their descendants still live here today. Meet the residents and hear a few words of the unusual Pitkern dialect—a combination of English “sailor speak” and Polynesian phrases. Visit the gravesite of the last surviving *Bounty* mutineer, John Adams, and see the *Bounty*’s anchor, which was salvaged in 1957. (B,L,D)

White fairy tern, Ducie Atoll.

APR. 7 AND 8: AT SEA/MANGAREVA, FRENCH POLYNESIA
 Spend a day at sea scanning the horizon with our naturalists, or relaxing on deck with a good book. We then arrive at Mangareva, the largest of the Gambier Islands, with its interesting history and beautiful lagoon. Venture underwater to snorkel or dive, meet islanders to learn about their culture and the missionaries who made their home here, or go on a hike with our naturalists. (B,L,D)

APR. 9–14: AT SEA/TUAMOTU ARCHIPELAGO
 We begin our exploration of the “Dangerous Archipelago” in Pukarua, where we’ll be greeted by traditional dancers. Navigate reefs and islets during a day at sea and then in true expedition mode, explore one of the uninhabited atolls such as Tahanea. Continue to Fakarava, one of the largest atolls in French Polynesia and part of a UNESCO Biosphere Reserve. Snorkel the protected reefs or ride the current into the lagoon on a world famous drift dive. (B,L,D)

AZURE SEAS FROM TAHITI TO THE MARQUESAS

17 DAYS/14 NIGHTS—ABOARD NATIONAL GEOGRAPHIC ORION
PRICING FROM \$15,990 (See pages 116-119 for details.)

Remote and enigmatic, the Marquesas are islands that belong to the past. Some of them virtually untouched since the era of European exploration, their isolation has given way to a proud people whose unique Marquesan dialect is a direct link to the ancient Polynesian language of Maohi. Indeed, it is believed locally that the spirits of the ancient Maohi live among the islands' saw-toothed peaks and lush, verdant valleys, and the limestone caves and grottos that we'll explore. Herman Melville penned his novel *Typee* based on his time on Nuku Hiva and established himself as the "man who lived among the cannibals," and Robert Louis Stevenson landed here aboard his yacht *Casco* in the late 19th century.

EXPEDITION HIGHLIGHTS

- ▶ In-depth exploration of the Marquesas, one of the most remote and culturally unique island groups on Earth, both on land and by sea.
- ▶ See ancient stone sculptures, including one of the largest *tikis* in Polynesia, on Hiva Oa.

EXPERIENCE & EXPERTISE

2019 marks Lindblad's sixteenth summer aboard *Lord of the Glens*, and we've been exploring Scotland since the 1980s. On this

journey, our expedition staff will include a historian, a naturalist/Lindblad-National Geographic certified photo instructor, an expert on Scotland's cultures—and local guides and special guests as well. This expedition was once noted by *National Geographic Traveler* as a 'trip of a lifetime.'

Visit our website to read staff bios for this expedition.

DAYS 1 AND 2: U.S./INVERNESS, SCOTLAND/EMBARK

Fly overnight and arrive in Inverness. Board *Lord of the Glens* and settle into your cabin. Gather for a reception and dinner on board, and a performance by junior Scottish dancers. (Day 2: D)

DAY 3: CULLODEN/CLAVA CAIRNS/ LOCH NESS

Visit Culloden, the infamous battlefield where Bonnie Prince Charlie's Jacobite forces were defeated in 1746. See the prehistoric standing stones and passage tombs of Clava Cairns. This afternoon, set sail on the Caledonian Canal and enter Loch Ness, where we'll learn about the legendary monster said to inhabit the loch. Moor at Fort Augustus and set out on a hike. (B,L,D)

Our pathway through the heart of Scotland, the Caledonian Canal.

DAY 4: LAGGAN LOCKS/BANAVIE/ GLENFINNAN

Ascend an impressive flight of locks that runs through the heart of Fort Augustus. Glide along the tree-lined canal known as Laggan Avenue, and sail across picturesque Lochs Oich and Lochy. From the town of Banavie, drive to Glenfinnan, a lovely village nestled within the mountains, and choose between a kayaking excursion (from Ft. William) and an afternoon walk. This evening, we have a whisky tasting aboard ship. (B,L,D)

DAY 5: LOCH LINNHE/OBAN

Today descend Neptune's Staircase, a set of eight interconnected locks, and continue through Loch Linnhe to the town of Oban, set on a picturesque bay on the Firth of Lorn. There is time to explore this lively town on foot, visiting a whisky distillery and McCaig's Folly, a monument on a hill overlooking the town and bay that was inspired by the Roman Colosseum. (B,L,D)

DAY 6: SOUND OF MULL/IONA/DUART CASTLE/TOBERMORY

Sail to the Isle of Mull, in the Inner Hebrides. Drive across Mull, then cross to Iona by ferry to explore this picturesque island. Visit the medieval abbey ruins and the rebuilt abbey church. Stroll through St. Oran's Chapel and the royal graveyard where Scottish kings including Macbeth are buried. On Mull, visit Duart Castle, home to Clan Maclean. Continue on to the picturesque town of Tobermory. (B,L,D)

DAY 7: TOBERMORY/ISLE OF EIGG OR ISLE OF RUM (SMALL ISLES)/INVERIE

Explore colorful Tobermory and learn about the Hebridean Whale and Dolphin Trust's efforts to protect marine mammals in these waters. Then sail north to either Eigg, Rum or even Canna, depending on conditions. The islands have populations of fewer than one hundred souls, and teem with wildlife. Look for marine animals, including Atlantic seals, minke whales, basking sharks, harbor porpoises and a colony of Manx shearwaters. Then sail to the tiny village of Inverie, where you can have a drink at the Old Forge, the most remote pub in the British Isles. (B,L,D)

DAY 8: ISLE OF SKYE

Continue north to the Isle of Skye. At the Museum of the Isles, trace the legacy of the 1,300-year-old Clan Donald, who once ruled the west coast of Scotland, and walk through the woodlands of Armadale. Take a guided walk in the Cuillin Hills (weather permitting), or explore Eilean Donan Castle and the quaint village of Plockton. Celebrate your voyage at a farewell dinner on board. (B,L,D)

DAY 9: KYLE OF LOCHALSH/ INVERNESS/DISEMBARK/U.S.
