GEOGRAPHIC™**

Lindblad Expeditions and National Geographic have joined forces to further inspire the world through expedition travel. Our collaboration in exploration, research, technology and conservation will provide extraordinary travel experiences and disseminate geographic knowledge around the globe.

DEAR TRAVELER,

There is a wealth of discoveries to be made along the Columbia and Snake Rivers—geological marvels, gastronomical delights, and the historic legacy of the Lewis and Clark expedition, which permeates this corner of America. Plus, spectacular scenery, particularly in spring when the region takes on a whole new kind of verdant beauty. This was an aspect we rediscovered this past season, after having operated there only in fall for many years, and we're delighted to offer spring departures in 2019.

All of these elements seamlessly blend into a unique and meaningful expedition, one enhanced by our team's ability to weave the Lewis and Clark story into the tapestry of subsequent life in the Pacific Northwest. Transiting the gorge by ship allows us to see time layered in the riverbanks, where Ice Age floods and epic landslides carved and altered much of the route we travel—something your expedition's geologist will cover. And the *National Geographic Quest* ensures you up-close views of rugged shorelines and soaring basalt cliffs thanks to her unobstructed observation deck and suite of exploration tools including kayaks and Zodiacs.

Our entire team—from the captains and naturalists to the hotel staff and wellness specialist—contribute to your knowledge and appreciation of the region, as they introduce you to wildlife, vistas, and to Oregon and Washington's burgeoning food and wine scene. Each season you'll meet new local vintners and brewers, and enjoy tastings aboard, with our compliments. You'll dine on food grown in the area's rich soil and learn about the sustainable farmers and providers we source from.

You'll also travel with a Lindblad-National Geographic certified photo instructor aboard who will help you capture photos you'll be thrilled to share back at home—even if you don't consider yourself a photographer. If you do, they'll help you advance your skills. And photographers of all levels can dive into the new B&H Photo Video Gear Locker now available on the *Quest* for the chance to field test new lenses, camera bodies, and more throughout the voyage.

Those who have the time and interest may want to extend the voyage to explore picturesque Portland and its many distinct neighborhoods. Or whet their appetite for fine wine on a tour of the lush Willamette Valley. No other travel company offers the uniquely multifaceted history and cultural experience that we do. And we promise if you choose to join us, you'll make a big deposit in your memory bank.

All the best,

DAY 1: PORTLAND, OREGON/EMBARK

Board our ship and cruise the center of Portland on the Willamette River before reaching the Columbia River. (D)

Sacagawea statue, Fort Clatsop.

DAY 2: ASTORIA

We begin our journey by navigating the Columbia to the mouth of the river at Astoria. At Fort Clatsop, where the explorers hunkered down for the wet winter of 1805-1806, we walk through the full-scale

reconstructed fort. Visit the Columbia River Maritime Museum, which chronicles the history of river navigation and this port town. In the afternoon explore the Astoria area with several options to choose from. (B,L,D)

FORT CLATSOP

The intrepid spirit of Meriwether Lewis and William Clark permeates this corner of the continental U.S. where they led the Corps of Discovery expedition. At this impeccable replica of the fort, gain a deeper understanding of what these men endured that arduous winter and the ardent curiosity that spurred them to go on.

DAY 3: COLUMBIA RIVER GORGE/HOOD RIVER

This morning we begin our orientation to the Gorge with a fresh perspective on such highlights as Bonneville Lock and Dam, Beacon Rock, and Multnomah Falls. Continue through the Gorge to Hood River, where we'll visit the Western Antique Aeroplane & Automobile Museum, home to one of the largest collections of still-functioning antique cars and planes in the country. Or choose to hike the remnants of the Columbia River Highway through the Mosier Twin Tunnels. (B,L,D)

Riding bikes back from the Columbia Gorge Discovery Center.

BONNEVILLE LOCK & DAM

Located 145 river miles from the mouth of the Columbia River, this is the first in an impressive system of eight locks that can lift or lower ships some 700 feet—nearly 10 times what the Panama Canal accomplishes! Before passing through the locks, we sail in the wake of Lewis and Clark to reach Beacon Rock, a giant basalt volcanic plug.

EXTEND YOUR ADVENTURE—DISCOVER PORTLAND AND THE WILLAMETTE VALLEY

PORTLAND HALF-DAY CITY TOUR

Explore must-see highlights of the quirky and picturesque city of Portland on our guided tour. Start by taking in iconic views of the city and surrounding volcanic peaks at the historic Pittock Mansion (pictured right). From there, discover the diverse neighborhoods in Portland's four main quadrants: Northeast, Northwest, Southeast, and Southwest. Each has its own distinct feel and unique attractions including art galleries, boutiques, and restaurants. And finally, your naturalist guide will bring to life at least two of the following parks—Washington Park, Rocky Butte, McCall Waterfront Park—by interpreting history, flora and fauna, and spotting birds.

DAY 4: THE DALLES/MARYHILL MUSEUM

Visit the Columbia River Gorge Discovery Center to learn about the region's natural history. Hike or take bicycles along the beautiful river trail. In the afternoon we'll visit the Maryhill Museum with its impressive collection of Rodin sculptures and drawings, extensive collection of Native American baskets, and other fascinating exhibits. End the day with a tour and tasting at a local vineyard and winery. (B,L,D)

PALOUSE FALLS

The geology of this region reveals the story of a restless land forged through the eons. Palouse Falls, created by cataclysmic Ice Age floods, is one stunning result of these phenomena. Prepare to witness the true force of nature as the 198-foot-tall falls drop dramatically into the cavernous plunge pool below.

DAY 5: EXPLORING THE PALOUSE RIVER

The still water of the Palouse River is the perfect mirror for the surrounding basalt cliffs as we set off cruising on our Zodiac and kayak adventures. Visit Palouse Falls, where cascading waters plunge into the pool below. Afterwards, sail up the Snake River, enjoying a taste of local specialties. (B,L,D)

Zodiac and kayak adventures on the Palouse River.

DAY 6: CLARKSTON, WASHINGTON

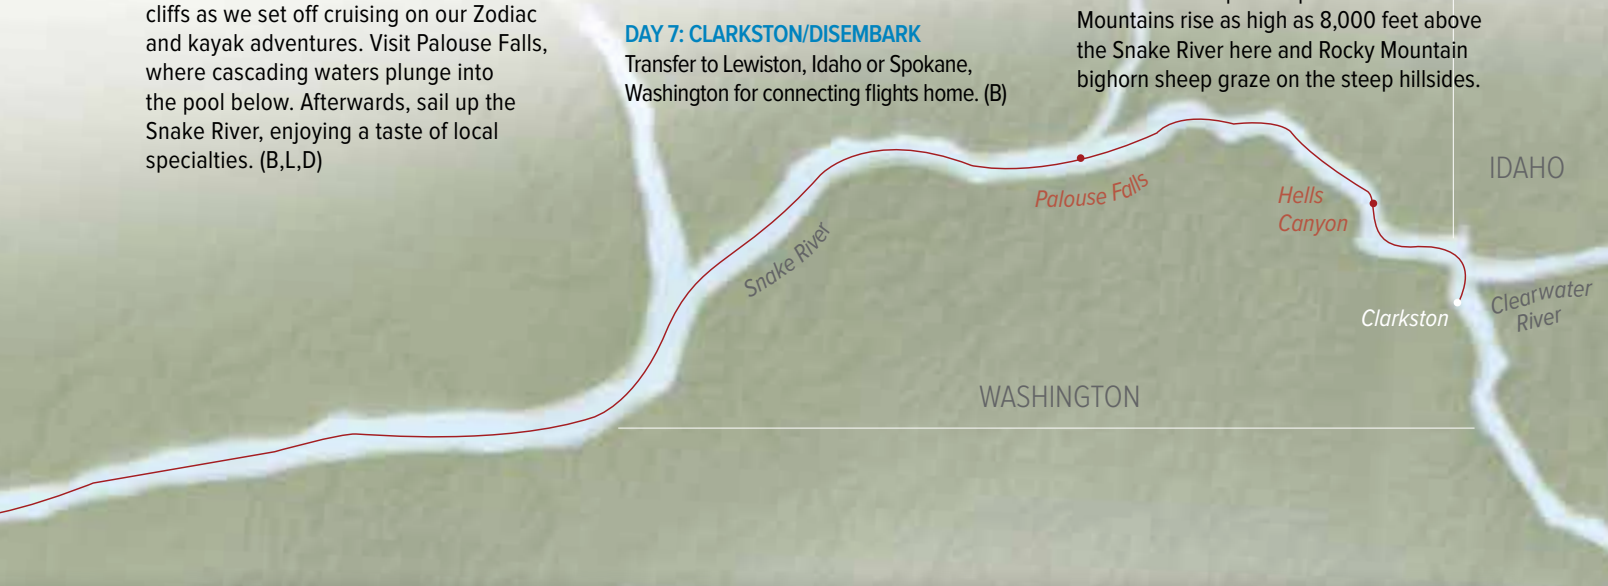

At Clarkston, we find ourselves at the confluence of the Snake and Clearwater rivers, more than 450 miles from the sea. Travel by comfortable jet boat up the Snake River into one of North America's most scenic spots, spectacular Hells Canyon. (B,L,D)

DAY 7: CLARKSTON/DISEMBARK

Transfer to Lewiston, Idaho or Spokane, Washington for connecting flights home. (B)

HELLS CANYON

Rugged and remote, Hells Canyon is America's deepest, river-cut canyon. Board jet boats for a front-row seat to the towering canyon cliffs formed from layer after layer of basaltic lava flows. And keep your cameras close for stellar photo ops—the Seven Devil Mountains rise as high as 8,000 feet above the Snake River here and Rocky Mountain bighorn sheep graze on the steep hillsides.

WILLAMETTE VALLEY WINE TOUR

On this half-day tour, visit three of the following award-winning boutique wineries located just outside Portland: Winter's Hill, Durant, Stoller, Rex Hill, Fox Farm, and Laurel Ridge. From the first stop to the last, you'll discover that each winery represents distinctive elements of the Willamette Valley, from biodynamic farming practices to unique single-block wines. We'll enjoy tastings, while learning about the art of viticulture from an expert guide and sometimes the winemakers themselves. A locally sourced picnic lunch is included. In the evening, you're free to explore Portland's booming restaurant scene on your own.

PRE- AND POST-EXTENSION OPTIONS

Both extensions can be combined with an overnight at the Portland Marriott Downtown Waterfront Hotel. Take either extension on its own or make a full day of it and do both. Extension options starting at \$100 per person. Visit expeditions.com/portland or call for details.

SAVOR THE FLAVORS OF THE REGION

We are proud to provision our ships in perfect harmony with the terrain we explore. As you follow these grand rivers, our menus follow the flow of the seasons, providing you with the freshest, most local fare possible. Our dedicated team has crafted a culinary program that raises the bar on locality, sustainability, and seasonality. Throughout the journey you'll taste the region's very soil, air, and water in the form of delicious fruit, vegetables, cheese, fish, and meat, plus wines and craft beer.

“We’re turning our guests into locavores by supporting Pacific Northwest producers almost exclusively. Our goal is to cross-utilize ingredients from a 150-mile radius, manage our fisheries, and provision sustainable products with minimal processing, no added hormones or antibiotics. We also continue to rely on providers who have earned a Food Alliance certification—this esteemed designation ensures that food is produced by well-treated workers; that meat products come from humanely raised animals; and that the regional soil, water, and wildlife habitats are protected and enhanced.”

—Ana Esteves, Manager Hotel Operations, Lindblad Expeditions

Home to roughly 40,000 farms, Washington state's rich soils and diverse climates make it one of the most fertile regions in the world.

Above: Handmade goat cheeses; gourds from a farmer along the Columbia River; dished, locally sourced cuisine.

SALMON STRAIGHT FROM THE RIVER

Weekly updates on salmon runs sent by our supplier help us map out our menu. Dine on Sockeye and Coho salmon fished directly from the Columbia and, depending on time of year, from surrounding tributaries like the Cowlitz, Kalama, and Lewis rivers.

FORAGED MUSHROOMS

A special delivery in Portland brings us the best of the hunt from fields and forests within a 50-mile radius, changing with the seasons and availability.

UPCYCLING-SUSTAINED MEAT AND BEER

New to our vendor list, Fulton Farms and Oregon Natural Meats upcycle over 20 million pounds of

brewer's grain from Ninkasi Brewery each year. Normally disposed of in landfills, this grain now feeds the cattle from which they produce ground beef. Enjoy both their meat and beer on board.

FARM-TO-SHIP PRODUCE

We've cultivated deep relationships in the region allowing our chefs to handpick produce from places like Moscow Farmers Market, Draper Girl Farm, Pullman Farmers Market, and Wilson Banner Ranch where we buy local apples, multiple types of squash, hackberries, pears, and fresh apple cider. Customized produce deliveries from Duck Delivery bring additional seasonal delicacies aboard.

CHEERS TO LOCAL WINE & BEER

Local wines served aboard represent the various growing areas and grape varieties which embody the region's best—including vintners like Sokol Blosser whom we have worked directly with for eight years. Located on 85 acres of organic estate in the Willamette Valley, this family-owned and -run winery is committed to sustainable practices, from reducing water and energy usage to maintaining beehives that contribute to the bee population. Enjoy their wines by the glass or the bottle at dinner and Recap each evening. And for beer aficionados aboard we also serve an array of the region's best craft brews like Full Sail or Deschutes.
