THE ESCAPES COLLECTION— EXPERIENCE WILDNESS & WONDER IN ONE INSPIRING WEEK

OUR WILD ESCAPES OFFER THE SAME EXHILARATING experiences as our classic expeditions. They're simply shorter—and, as a result, more convenient for travelers without the luxury of time to commit to an extended sojourn.

In just five days, you can explore a pristine, species-rich U.S. national park in the Channel Islands, effortlessly traversing the ocean that separates it from California. Or on a 9-day seamlessly connected getaway, explore the lush green-fringed headwaters of the Peruvian Amazon aboard our river ship, and experience Machu Picchu from a lodge on the grounds. Go beyond the Blue Lagoon in lceland to discover far more, or cruise among the towering icebergs off the Arctic coast of Greenland in the Ilulissat lcefjord. Or enjoy close-up encounters with gray whales and their calves in Baja California's Magdalena Bay. All in the engaging company of our naturalists for in-depth insights.

Our Wild Escapes collection, 15 action-packed voyages lasting 5 to 10 days, is designed to make every single day of your travels spectacular. So, make the most of your valuable time; spend less of it while having more thrilling moments. Escape with us and discover the best each wild destination has to offer. VENTURE INTO THE WORLD'S MOST AWESOME PLACES ABOARD OUR NIMBLE FLEET

FEEL THE SPRAY OF SEAWATER AS YOUR ZODIAC CHARGES

through the surf to land on a wild Baja California shore unmarred by any docks, piers, or ports. Cruise Alaska's fast-moving channels where whales come to feed. Snorkel Belizean reefs swarming with a galaxy of brightly hued fish. Experience the fabled city of the Incas and the renowned wildness of the Amazon rainforest on our new *Wild Peru Escape*. We have been exploring for decades, and our fleet of nimble expedition ships enables us to go deep inside places where larger cruise ships simply cannot go.

Now, we go even further: following Lindblad Expeditions' decision to become plastic free, we are now 100% carbon neutral, offsetting our company's carbon footprint. Lindblad Expeditions award-winning menus are locally sourced from sustainable providers everywhere possible. Together with our guests, we have raised more than \$19.2 million to support efforts to protect the ocean, restore critical marine and coastal habitats, and foster environmental stewardship in the places we travel and beyond—including \$13.4 million through the LEX-NG Fund since 2008. And our commitment is ongoing, so you can feel good about traveling with us.

See each of our ships ahead—on pages 36-43

66 We are delighted to introduce you to our fleet, designed to give a complement of 28 to 148 guests an intimate, inclusive experience of the awesome geographies featured in this brochure. Each ship is well-adapted to the regions it explores, able to give you the exhilaration of authentic, up-close, personal exploring with expert naturalists, and curious, intelligent fellow guests. Choose the itinerary that interests you, assured that any of our purpose-built ships will provide an incomparable feeling."

A DAY IN THE LIFE OF A WILD ALASKA ESCAPE

6:00-7:00 a.m.

EARLY RISER STRETCH CLASS

Fresh pastries and coffee are served. Dall's porpoises surf our ship's bow wave. Our wellness specialist leads a morning stretch routine followed by herbal tea or smoothies on the sundeck.

7:20-9:00 a.m.

SAILING INTO AWESOME

Over breakfast we sail through high stone walls that were once scraped smooth by the movement of a massive glacier. Floating icebergs, sparse near the entrance, become more numerous until we finally can take the ship no farther.

9:15 a.m.-Noon

MORNING EXPLORATIONS

Mid-morning finds us in our Zodiacs speeding toward a towering glacier that peeks through the curves ahead. Melting snow above feeds dozens of waterfalls. In the ice-filled water near the glacier are harbor seals and, overhead, Arctic terns fly with small fish in their beaks. Kayakers paddle through the still water spotting otters, minks, and bald eagles.

12:30-1:30 p.m.

LUNCH IS SERVED

Back onboard, we're greeted with a well-deserved lunch on locally caught seafood and sustainably raised produce. We retreat out of the glacial fjord pausing only for the most spectacular waterfalls and a lone brown bear foraging in the dropping tide.

See itineraries starting on page 16.

1:45-4:45 p.m.

PHOTOGRAPHY TALK AND EXPLORATION

Our photo instructor shares tips and tricks on getting the most out of smartphone cameras before we go ashore to walk among blooming rainforest wildflowers. Some hikers choose a path less traveled—a bushwhack under trees, through mud, and along hills.

5:15-6:15 p.m.

AFTERNOON ENCOUNTER

We return to the ship just in time to see humpback whales cooperatively bubble-net feeding shockingly close to the bow. The naturalists set up the hydrophone so we can hear the whales communicating. Cameras are ready for a change in pitch of the vocalization—the indication that the whales are done corralling the fish and about to simultaneously lunge upward to feed on the fish.

6:30 p.m.

COCKTAILS AND EVENING RECAP/DINNER

A Lindblad Expeditions-National Geographic ritual, guests regroup after a thrilling day over cocktails and hors d'oeuvres to hear our naturalists present highlights of the day. Today the marine biologist answers questions about the bubble-net feeding observed. Dinner is then served.

9:30 p.m.

STAR VIEWING

As the sun sets on another Alaska day, the stars appear slowly at first and then fill the night sky all at once. Tonight the bright Milky Way and occasional meteor are our ample reward for staying up late.

A DAY IN THE LIFE OF A WILD ALASKA ESCAPE

OUR *WILD ESCAPES* TEAMS ARE ACE AT DOING WHAT IT TAKES

SOMETIMES EVEN THE MOST INTREPID OF ADVENTURERS NEED

a guide—and that's where we come in. Our team has the knowledge and the passion for the wild world that will kindle yours. They will do whatever it takes, from standing watch so you don't miss a single passing whale; lingering as long as you want on deck to watch bubble-net feeding or diving pelicans; to offering an extra-long kayak excursion when conditions enable it. They'll help you to see, do, and absorb all the extraordinary experiences-with inspiration, great conversations, and excellent dining included. Because the undersea is vital to your understanding, we've committed the resources to offer what no other expedition travel company does-an exploration of the vivid and surprising world beneath our ships. During voyages, our undersea specialist will suit up-layers of cold water diving gear where necessary-and dive or lower our onboard ROV to explore and shoot video of the marine environment to share during entertaining and informative presentations.

COOL TOOLS FOR EXPLORING In addition to a fleet of Zodiacs, kayaks, and stand-up paddleboards, our ships are also stocked with full snorkel gear, including wet suits for all sizes (where relevant). And many are outfitted with hydrophones to listen to whales and sea lions underwater, and video microscopes for seeing plankton and other fascinating microorganisms.

EVERYWHERE YOU GO, SAVOR THE FLAVORS OF THE REGION

DINING ABOARD

NO MATTER THE DESTINATION, LOCAL CUISINE fresh, sustainably produced, and expertly prepared—will be a highlight of your experience. Not only will you enjoy delightful new tastes, the food will act as a revealing window on the culture you're visiting.

In the Amazon, experience local, seasonal ingredients—like the superfood camu camu and the tomato-like cocona. In Iceland, try fresh dayboat fish, seasonal produce, berries from coastal farms, and local craft beers. In Galápagos, enjoy a delicious array of fresh fare—juices, smoothies, bespoke omelets, Andean super-grains, salads, sustainable seafood, meat, wonderful desserts, and much more. Or, in Alaska, indulge in fresh-off-theboat Dungeness crab for our spectacular crabfest, and salmon sticks to delight kids. With a well-nourished body and mind, you'll be ready for your next discovery.

ONBOARD PHOTO INSTRUCTORS ARE AT YOUR SIDE TO INSPIRE & ASSIST

WHEREVER OUR ADVENTURES TAKE YOU, YOU'LL HAVE THE BENEFIT of a Lindblad Expeditions-National Geographic certified photo instructor (CPI) at your side to help with everything from camera settings to the basics of composition. Now, every guest—from iPhone camera users to advanced hobbyists—can stand side by side with skilled photographers, pick up tips in the field, and take great photos. Our CPIs are also trained naturalists, so they'll help you better understand wildlife behavior, too. Whether you're choosing a shutter speed to capture a breaching whale or a lighthouse at sunset, in-the-moment tips from accomplished pros will help you return home with your best photos ever.

THE MOST EXHILARATING DISCOVERIES ARE THE ONES YOU MAKE TOGETHER

WHETHER IT'S KAYAKING OFF A SHORE STUDDED WITH FORAGING BEARS,

or cheering on dolphins as they race alongside the ship, we believe shared activities in a wild and exciting environment can bring a family together. Our expeditions ensure seamless family getaways where everything is taken care of. Kids thrive in the safe, comfortable space of the ship where they can exercise a measure of autonomy. Since we believe in the value of sharing any of the adventures featured in this brochure with your kids and grandkids for fun, learning, or to celebrate a milestone, we're offering \$500 off on every departure for each child under 18.

NATIONAL GEOGRAPHIC GLOBAL EXPLORERS

Developed in conjunction with National Geographic Education, this unique program helps children under 18 get

more out of exploring and have more fun, too! On every Galápagos, Alaska, Baja, and Antarctica expedition, kids and teens choose cool activities, from earning a Zodiac "driver's license" to recording wildlife sightings in their Field Notebook. Each is designed to help them see and do more.

Program participants benefit from naturalists who are specially trained as National Geographic field educators. They optimize daily "In the Field" activities to prompt kids to watch out for exciting discoveries, like a creature with scales or a giant coral head on land, then record their observations in their Field Notebook. Kids also take part in a variety of fun activities: snorkeling with sea lions in Galápagos and Baja, or identifying whale flukes in Alaska. Parents and grandparents see kids connecting with nature and learning in new ways. Kids are given room to use their creativity to tell stories about the unique things they see and do through photos, videos, music, and drawing. It helps develop their observation skills and they go home with new skills, knowledge, and confidence. Learn more at expeditions.com/family.

VIBRANT REEFS & REMOTE JUNGLES: CENTRAL AMERICA

SINCE THE DAYS OF THE ANCIENT MAYA, WHO FLOURISHED ALONG

this coast some 1,500 years ago, civilization has had relatively little impact. Much of Belize remains genuine wilderness, with large expanses of dense tropical forest, miles of wild rivers, abundant bird life—and the largest, barrier reef in the Northern hemisphere. Few cruise lines venture into the areas we visit; *National Geographic Sea Lion* and *National Geographic Quest* are your only access, and the perfect platforms for exploring. Using our fleet of Zodiacs, kayaks, and paddleboards, you'll explore crystalline waters surrounding isolated cays, some inhabited by seabird colonies, others mere patches of sugar-white sand with a scatter of palm trees.

Guanacaste scenery is remarkably varied, ranging from towering active volcanos, to intricate mangrove and coral systems, and pristine beaches. Take a hike to spot white-faced capuchin monkeys, turquoise-browed motmots, and with luck, scarlet macaws. Climb aboard a kayak, stand-up paddleboard, or strap on a snorkel to spot rays, turtles, and a colorful array of tropical fish. And take home indelible memories of a sojourn in a rare dry tropical forest.

COASTAL BEAUTY & DISCOVERY: US EAST COAST

HERE'S AN AMERICAN EAST COAST THAT FEW KNOW EXISTS AND EVEN FEWER WILL EVER

experience. Starting fall of 2022, *National Geographic Sea Lion* will embark on a series of all-new itineraries unlike any in the region. We'll take a unique expeditionary approach as we go in search of the wild, seldom-seen side of the Eastern Seaboard. Along this dynamic coastline, often not too far from bustling cities, you'll find uninhabited islands with wildlife refuges and abandoned forts and castles, many of which are unknown even to locals. From the windswept sand dunes of the South to Mid-Atlantic estuarine backwaters and island villages in the North with no paved roads, these exclusive journeys take you into little-known American wilderness, history, and culture.

THE BLUE LAGOON & BEYOND: ICELAND

TRAVELERS WHO DELVE DEEP INTO ICELAND TYPICALLY FIND MUCH

more than they knew or expected. To start with, it's stunningly beautiful: giant waterfalls, brilliant green hillsides, blue lagoons, massive glaciers, and stark, imposing mountains. Traveling by ship opens up so many possibilities to encounter these natural wonders. We'll help you explore Iceland's pristine fjords and fascinating tundra, accompanied by a dedicated team of naturalists. Encounter evidence of volcanic activity as you hike where the ground is still warmed by geothermal activity on Heimaey. Discover the rich biodiversity of the remote Westfjords, spotting nesting puffins and gannets along the coast, watching for humpback and minke whales in the surrounding waters. We'll even take you ashore to small villages that were isolated and only accessible by boat as of the late 20th century.

Want more? Combine your voyage with one of three optional trip extensions for a truly personal Iceland odyssey!

FRENCH POLYNESIA

NATIONAL GEOGRAPHIC RESOLUTION

CAPACITY: 126 guests in 69 outside cabins. REGISTRY: Bahamas. OVERALL LENGTH: 406 feet.

National Geographic Resolution is a next-generation expedition ships, purpose-built for polar navigation. Fully stabilized, highly strengthened, ice-class Polar Code PC5 (Category A) vessels, they are designed to navigate polar passages year-round, and safely explore uncharted waters, while providing exceptional comfort. The patented X-bow[®] is key to their design; its powerful wave-slicing action provides an extremely smooth ride even in adverse conditions, and even reduces spray on deck for superior observation. They carry a full suite of expedition tools, and offer a variety of experience enhancing amenities.

PUBLIC AREAS: Two restaurants, a chef's table for small group dining, observation lounge with bar, gym, wellness area, infinity-style outdoor hot tubs, library, main lounge with full service bar, 24-hour beverage, state-of-the-art facilities for films, slideshows and presentations, and a photo workshop area; plus, an expedition base with lockers for expedition gear, and an "open Bridge" for access to our Captain, officers and the art of navigation.

MEALS: Two restaurants, featuring local, sustainable choices and unassigned seating for flexible, inclusive dining; plus a Chef's table for intimate, small group dining. Main restaurant has 270° views, and the Observation deck restaurant features lighter, made-to-order fare.

CABINS: All cabins face outside with large windows, private facilities and climate controls. 53 cabins have balconies. Cabins are equipped with expedition command centers with tablets and USB/mobile device docking, TVs, Wi-Fi connections, and hair dryers.

EXPEDITION TOOLS: Zodiac landing craft, kayaks, snowshoes, cross-country skis, undersea specialist operating a remotely Operated Vehicle (ROV) and underwater video camera for unique access to polar marine world, hydrophone, aerial remote-controlled camera and video microscope.

SPECIAL FEATURES: A full-time doctor, undersea specialist, National Geographic photographer, Lindblad-National Geographic certified photo instructor and video chronicler, an internet cafe and laundry.

WELLNESS: The vessel is staffed by our wellness specialists and features a glass-enclosed yoga studio, gym, treatment rooms and spa relax area, and high and lowheat saunas with ocean views.

However, our expedition pricing is determined far in advance of initial departure on the basis of then-existing projections of fuel and other costs. In the event of increases in those costs including, but not limited to, increases in the price of fuel, currency fluctuations, increases in government taxes or levies, or increased security costs, we reserve the right to adjust the price of your expedition or add a surcharge to cover such unexpected increases. We will always provide an explanation of the reason for increase in pricing. Visit expeditions.com or call for the most up-to-date pricing.

Pricing Includes: All accommodations aboard ship or in hotels per itinerary or similar; all meals and nonalcoholic beverages* aboard ship; meals on land as indicated, accompanied by nonalcoholic beverages; air transportation where indicated as included; shore excursions; sightseeing and entrance fees; special access permits; transfers to and from group flights; use of snorkeling equipment and wetsuits (where applicable); use of kayaks and/ or stand-up paddleboards (where available); use of cross-country skis or snowshoes (where available); tips (except to ship's crew*); taxes and service charges; services of a ship physician and services of our expedition staff. Unused services or items included in our programs are non-refundable. *All departures aboard National Geographic Orion include alcoholic beverages aboard ship (excepting certain super-premium brands) and tips to the ship's crew.

Not Included: Air transportation (except where specified as included), extensions, passport, visa, immigration fees, meals not indicated, travel protection plan, items of a personal nature, such as internet access, voyage chronicle, and laundry.

Airfare: For all programs, airfare is an additional cost unless otherwise indicated. We will gladly assist in making your air arrangements for a \$50 per person service fee.

Reservations: To reserve your place, an advance payment is required at the time of reservation. Receipt of advance payment indicates your acceptance of the terms and conditions. Visit expeditions.com/terms for complete details. **Final Payment:** For expeditions aboard all ships, with the exception of *National Geographic Resolution* and *National Geographic Orion*, final payment is due in full 90 days prior to departure. For expeditions aboard *National Geographic Resolution* and *National Geographic Orion*, final payment is due in full 120 days prior to departure. Payment schedules may vary for certain longer voyages due to high demand for these voyages. We reserve the right to cancel your reservation if payment has not been received by final payment due date.

This plan offers comprehensive coverage to protect you from cancellation fees, costs incurred due to trip delays/ interruption, medical assistance, and damaged or lost baggage, and provides medical assistance and evacuation during your travels. Our Travel Protection Plan is available for U.S. residents only, and may be purchased any time prior to final payment due date. If you are not satisfied for any reason, you may return your plan within 10 days after purchase. Your premium will be refunded if canceled within 10 days, provided you have not already departed on the trip or filed a claim. When so returned, the coverage under the plan is void from the original date of purchase.

Responsibility and Other Terms & Conditions: Certain provisions concerning, among other things, limitations of Lindblad Expeditions' and National Geographic Expeditions' (a division of National Geographic Partners, LLC) liability for loss of property, injury, illness, or death during the voyage will be provided to all guests on the ship's ticket sent prior to departure, and are also available on our website at expeditions.com/terms, or upon request. By registering for a trip, the guest agrees to all such terms and conditions. **Note:** Itineraries and prices listed in this brochure are as of publication date

and are subject to change. **Smoking and Vaping Policy:** Smoking and Vaping are allowed only in designated outdoor areas.

Cancellation Policy: Cancellation penalties may apply after payment is received. Please visit expeditions.com/terms for complete cancellation policies. ©2022 Lindblad Expeditions
