VENTURE INTO THE WORLD'S MOST AWESOME PLACES ABOARD OUR NIMBLE FLEET

FEEL THE SPRAY OF SEAWATER AS YOUR EXPEDITION

landing craft charges through the surf to land on a wild Baja shore unmarred by any docks, piers, or port. Cruise Alaska's fast-moving channels where whales come to feed. Snorkel Belizean reefs swarming with a galaxy of brightly hued fish. Experience the fabled city of the Incas and the renowned wildness of the Amazon rainforest on our new *Wild Peru Escape*. We have been exploring for decades, and our fleet of nimble expedition ships enables us to go deep inside places where larger cruise ships simply cannot go.

Now, we go even further: following our decision to become plastic free, we are now 100% carbon neutral, offsetting our company's carbon footprint. Our award-winning menus are locally sourced from sustainable providers everywhere possible. Together with our guests, we have raised more than \$18.2 million to support efforts to protect the ocean, restore critical marine and coastal habitats, and foster environmental stewardship in the places we travel and beyond—including \$12.4 million through the LEX-NG Fund since 2008. And our commitment is ongoing, so you can feel good about traveling with us.

A DAY IN THE LIFE OF A *WILD ALASKA ESCAPE*

6:00-7:00 a.m.

EARLY RISER STRETCH CLASS

Fresh pastries and coffee are served. Dall's porpoises surf our ship's bow wave. Our wellness specialist leads a morning stretch routine followed by herbal tea or smoothies on the sundeck.

7:20-9:00 a.m.

SAILING INTO AWESOME

Over breakfast we sail through high stone walls that were once scraped smooth by the movement of a massive glacier. Floating icebergs, sparse near the entrance, become more numerous until we finally can take the ship no farther.

9:15 a.m.-Noon

MORNING EXPLORATIONS

Mid-morning finds us in our expedition landing craft speeding toward a towering glacier that peeks through the curves ahead. Melting snow above feeds dozens of waterfalls. In the ice-filled water near the glacier are harbor seals and, overhead, Arctic terns fly with small fish in their beaks. Kayakers paddle through the still water spotting otters, minks, and bald eagles.

12:30-1:30 p.m.

LUNCH IS SERVED

Back onboard, we're greeted with a well-deserved lunch on locally caught seafood and sustainably raised produce. We retreat out of the glacial fjord pausing only for the most spectacular waterfalls and a lone brown bear foraging in the dropping tide.

1:45-4:45 p.m.

PHOTOGRAPHY TALK AND EXPLORATION

Our photo instructor shares tips and tricks on getting the most out of smartphone cameras before we go ashore to walk among blooming rainforest wildflowers. Some hikers choose a path less traveled—a bush-whack under trees, through mud, and along hills.

5:15-6:15 p.m.

AFTERNOON ENCOUNTER

We return to the ship just in time to see humpback whales cooperatively bubble-net feeding shockingly close to the bow. The naturalists set up the hydrophone so we can hear the whales communicating. Cameras are ready for a change in pitch of the vocalization—the indication that the whales are done corralling the fish and about to simultaneously lunge upward to feed on the fish.

6:30 p.m.

COCKTAILS AND EVENING RECAP/DINNER

A Lindblad ritual, guests regroup after a thrilling day over cocktails and hors d'oeuvres to hear our naturalists present highlights of the day. Today the marine biologist answers questions about the bubble-net feeding observed. Dinner is then served.

9:30 p.m.

STAR VIEWING

As the sun sets on another Alaska day, the stars appear slowly at first and then fill the night sky all at once. Tonight the bright Milky Way and occasional meteor are our ample reward for staying up late.

See itineraries on page 23.

A DAY IN THE LIFE OF A
WILD ALASKA ESCAPE

OUR *ESCAPES* TEAMS ARE
ACE AT DOING WHAT IT TAKES

SOMETIMES EVEN THE MOST INTREPID OF ADVENTURERS NEED a guide—and that’s where we come in. Our team has the knowledge and the passion for the wild world that will kindle yours. They will do whatever it takes, from standing watch so you don’t miss a single passing whale; lingering as long as you want on deck to watch bubble-net feeding or diving pelicans; to offering an extra-long kayak excursion when conditions enable it. They’ll help you to see, do, and absorb all the extraordinary experiences—with inspiration, great conversations, and excellent dining included. Because the undersea is vital to your understanding, we’ve committed the resources to offer what no other expedition travel company does—an exploration of the vivid and surprising world beneath our ships. During voyages, our undersea specialist will don gear—layers of cold water diving gear where necessary—and dive or lower our onboard ROV to explore and shoot video of the marine environment to share during entertaining and informative presentations.

COOL TOOLS FOR EXPLORING
In addition to a fleet of expedition landing craft, kayaks, and stand-up paddleboards, our ships (where relevant) are also stocked with full snorkel gear, including shortie wet suits for all sizes. And many are outfitted with hydrophones to listen to whales and sea lions underwater, and video microscopes for seeing plankton.

EVERYWHERE YOU GO, SAVOR
THE FLAVORS OF THE REGION

NO MATTER THE DESTINATION, LOCAL CUISINE—fresh, sustainably produced, and expertly prepared—will be a highlight of your experience. Not only will you enjoy delightful new tastes, the food will act as a revealing window on the culture you're visiting.

In the Amazon, experience local, seasonal ingredients—like the superfood camu camu

and the tomato-like cocona. In Iceland, try fresh dayboat fish, seasonal produce, berries from coastal farms, and local craft beers. Or, in Alaska, indulge in fresh-off-the-boat Dungeness crab for our spectacular crabfest, and salmon sticks to delight kids. With a well-nourished body and mind, you'll be ready for your next discovery.

THE MOST EXHILARATING DISCOVERIES ARE THE ONES YOU MAKE TOGETHER

WHETHER IT'S KAYAKING OFF A SHORE STUDED WITH FORAGING bears, or cheering on dolphins as they race alongside the ship, we believe shared activities in a wild and exciting environment can bring a family together. Our expeditions ensure seamless family getaways where everything is taken care of. Kids thrive in the safe, comfortable space of the ship where they can exercise a measure of autonomy. In Alaska—and launching in Dec. 2020 in Baja—our naturalists are also National Geographic certified field educators, who engage with kids and teens in an exclusive program—described to the right. And since we believe in the value of sharing any of the adventures featured in this brochure with your kids and grandkids for fun, learning, or to celebrate a milestone, **we're offering \$500 off on every departure for each child under 18.**

NATIONAL GEOGRAPHIC GLOBAL EXPLORERS
Our exclusive program for families, Alaska—and launching in Dec. 2020 in Baja—is the only one of its kind. Developed in conjunction with National Geographic Education, it's designed to help kids and their families develop the attitudes, skills, and knowledge of an explorer. Families discover a unique way to explore and connect with each other and the natural world. And kids engage in a variety of cool optional activities, guided by a National Geographic certified field educator. Visit expeditions.com/family for program details.

SPECIAL 2020 ALASKA FAMILY OFFER:
Share Alaska with your kids or grandkids: Take 50% off kids (22 and under) on select May and August departures, or take 25% off kids on select June and July departures. See full offer terms and details on page 36 or call an Expedition Specialist.

DISCOVER CENTRAL AMERICA

SINCE THE DAYS OF THE ANCIENT MAYA, WHO FLOURISHED ALONG this coast some 1,500 years ago, civilization has had relatively little impact. Much of Belize remains genuine wilderness, with large expanses of dense tropical forest, miles of wild rivers, abundant bird life—and the largest, healthiest coral reef systems in North America. Few cruise lines venture into the areas we visit; *National Geographic Quest* is your only access, and the perfect platform for exploring. Using our fleet of Zodiacs, kayaks, and paddleboards, you'll explore crystalline waters, and land on isolated cays, some inhabited by seabird colonies, others mere patches of sugar-white sand with a scatter of palm trees.

Guanacaste, Costa Rica's scenery is remarkably varied, ranging from towering active volcanos, to intricate mangrove and coral systems, and pristine beaches. Try zip-lining for the first time, or horseback riding through the jungle, kayaking, and paddleboarding. Take a hike to spot white-faced capuchin monkeys, turquoise-browed motmots, and with luck, scarlet macaws. Strap on a snorkel to spot rays, turtles, and a colorful array of tropical fish. And take home indelible memories of a sojourn in a rare dry tropical forest.

WILD BELIZE ESCAPE: WILDLIFE, REEFS & RIVERS

6 DAYS/5 NIGHTS—ABOARD *NATIONAL GEOGRAPHIC QUEST*

FROM: \$4,290 (SEE PAGES 32-33 FOR DETAILS)

Discover the tropical wonders of Belize on a voyage along the country's remote southern coast. Snorkel the colorful corals of the Belize Barrier Reef, explore the lush jungles on foot, and cruise coastal rivers in Zodiacs. Choose to explore further on our extension, and you will learn about the extensive Maya ruins of the Petén region, once the hub of classic Maya civilization.
