A scenic coastal landscape featuring a rocky shoreline in the foreground. Two people are standing on the rocks, looking out at the ocean. The water is a deep blue, and the sky is a clear, bright blue with a few wispy clouds. In the distance, there are mountains and a small boat on the water.

THE *ESCAPES* COLLECTION—
EXPERIENCE WILDNESS, WELLNESS
& WONDER IN LESS TIME

OUR *WILD ESCAPES* OFFER THE SAME EXHILARATING experiences as our classic expeditions. They're simply shorter—and, as a result, more convenient for travelers without the luxury of time to commit to an extended sojourn.

Or, on a weeklong Galápagos expedition, see the iconic blue-footed boobies, as well as creatures that inspired Darwin, from the famous finches to giant tortoises. Add two days and visit Machu Picchu, too. Go beyond the Blue Lagoon in Iceland to discover far more. Or enjoy close-up encounters with gray whales and their calves in Baja's Magdalena Bay. All in the engaging company of our naturalists for in-depth insights.

Our *Escapes* collection, 10 action-packed voyages lasting 5 to 9 days, is designed to make every single day of your travels spectacular. So, make the most of your valuable time; spend less of it while having more thrilling moments. *Escape* with us and discover the best each wild destination has to offer.

VENTURE INTO THE WORLD'S MOST AWESOME PLACES ABOARD OUR NIMBLE FLEET

FEEL THE SPRAY OF SEAWATER AS YOUR EXPEDITION

landing craft charges through the surf to land on a wild Baja shore unmarred by any docks, piers, or port. Cruise Alaska's fast-moving channels where whales come to feed. Snorkel Belize reefs swarming with a galaxy of brightly hued fish. Experience diverse landscapes and remote islands on a voyage through Galápagos. We have been exploring for decades, and our fleet of nimble expedition ships enables us to go deep inside places where larger cruise ships simply cannot go.

Now, we go even further: following our decision to become plastic free, we are now 100% carbon neutral, offsetting our company. Our award-winning menus are locally sourced from sustainable providers anywhere possible. And we've had a significant impact on conservation and community initiatives in the regions we explore—raising a cumulative \$17.1 million from our guests, including \$11.3 million since the LEX-NG Fund was established in 2008. And our commitment is ongoing, so you can feel good about traveling with us.

OUR SHIPS

A DAY IN THE LIFE OF A *WILD ALASKA ESCAPE*

6:00-7:00 a.m.

EARLY RISER STRETCH CLASS

Fresh pastries and coffee are served. Dall's porpoises surf our ship's bow wave. Our wellness specialist leads a morning stretch routine followed by herbal tea or smoothies on the sundeck.

7:20-9:00 a.m.

SAILING INTO AWESOME

Over breakfast we sail through high stone walls that were once scraped smooth by the movement of a massive glacier. Floating icebergs, sparse near the entrance, become more numerous until we finally can take the ship no further.

9:15 a.m.-Noon

MORNING EXPLORATIONS

Mid-morning finds us in our expedition landing craft speeding toward a towering glacier that peeks through the curves ahead. Melting snow above feeds dozens of waterfalls. In the ice-filled water near the glacier are harbor seals and, overhead, Arctic terns fly with small fish in their beaks. Kayakers paddle through the still water spotting otters, minks, and bald eagles.

12:30-1:30 p.m.

LUNCH IS SERVED

Back onboard, we're greeted with a well-deserved lunch of grilled hamburgers with all the fixings. We retreat out of the glacial fjord pausing only for the most spectacular waterfalls and a lone brown bear foraging in the dropping tide.

See itineraries on page 23.

1:45-4:45 p.m.

PHOTOGRAPHY TALK AND EXPLORATION

Our photo instructor shares tips and tricks on getting the most out of smartphone cameras before we go ashore to walk among blooming rainforest wildflowers. Some hikers choose a path less traveled—a bush-whack under trees, through mud, and along hills.

5:15-6:15 p.m.

AFTERNOON ENCOUNTER

We return to the ship just in time to see humpback whales cooperatively bubble-net feeding shockingly close to the bow. The naturalists set up the hydrophone so we can hear the whales communicating. Cameras are ready for a change in pitch of the vocalization—the indication that the whales are done corralling the fish and about to simultaneously lunge upward to feed on the fish.

6:30 p.m.

COCKTAILS AND EVENING RECAP/DINNER

A Lindblad ritual, guests regroup after a thrilling day over cocktails and hors d'oeuvres to hear our naturalists present highlights of the day. Today the marine biologist answers questions about the bubble-net feeding observed. Dinner is then served.

9:30 p.m.

STAR VIEWING

As the sun sets on another Alaska day, the stars appear slowly at first and then fill the night sky all at once. Hopeful guests keep a lookout for the Northern Lights, but tonight the bright Milky Way and occasional meteor are our ample reward for staying up late.

A DAY IN THE LIFE OF A WILD ALASKA ESCAPE

OUR *ESCAPES* TEAMS ARE
ACE AT DOING WHAT IT TAKES

SOMETIMES EVEN THE MOST INTREPID OF ADVENTURERS NEED a guide—and that’s where we come in. Our team has the knowledge and the passion for the wild world that will kindle yours. They will do whatever it takes, from standing watch so you don’t miss a single passing whale; lingering as long as you want on deck to watch bubble-net feeding or diving pelicans; to offering an extra-long kayak excursion when conditions enable it. They’ll help you to see, do, and absorb all the extraordinary experiences—with inspiration, great conversations, and excellent dining included. Because the undersea is vital to your understanding, we’ve committed the resources to offer what no other expedition travel company does—an exploration of the vivid and surprising world beneath our ships. During voyages, our undersea specialist will don gear—layers of cold water diving gear where necessary—and dive or lower our onboard ROV to explore and shoot video of the marine environment to share during entertaining and informative presentations.

COOL TOOLS FOR EXPLORING

In addition to a fleet of expedition landing craft, kayaks, and stand-up paddleboards, our ships (where relevant) are also stocked with full snorkel gear, including shortie wet suits for all sizes. And many are outfitted with hydrophones to listen to whales and sea lions underwater, and video microscopes for seeing plankton.

EVERYWHERE YOU GO, SAVOR
THE FLAVORS OF THE REGION

NO MATTER THE DESTINATION, LOCAL CUISINE—fresh, sustainably produced, and expertly prepared—will be a highlight of your experience. Not only will you enjoy delightful new tastes, the food will act as a revealing window on the culture you're visiting.

In the Galápagos Islands, dine on Andean super foods and find exotic, invigorating fresh

juices on the breakfast buffet. In Iceland, try fresh dayboat fish, seasonal produce, berries from coastal farms, and local craft beers. Or in Alaska, indulge in fresh-off-the-boat Dungeness crab for our spectacular crabfest, and salmon sticks to delight kids. With a well-nourished body and mind, you'll be ready for your next discovery.

THE MOST EXHILARATING DISCOVERIES ARE THE ONES YOU MAKE TOGETHER

WHETHER IT'S KAYAKING OFF A SHORE STUDDED WITH FORAGING bears, or cheering on dolphins as they race alongside the ship, we believe shared activities in a wild and exciting environment can bring a family together. Our expeditions ensure seamless family getaways where everything is taken care of. Kids thrive in the safe, comfortable space of the ship where they can exercise a measure of autonomy. In Galápagos and Alaska—and launching in Dec. 2020 in Baja—our naturalists are also National Geographic certified field educators, who engage with kids and teens in an exclusive program—described to the right. And since we believe in the value of sharing any of the adventures featured in this brochure with your kids and grandkids for fun, learning, or to celebrate a milestone, **we're offering \$500 off on every departure for each child under 18.**

NATIONAL GEOGRAPHIC GLOBAL EXPLORERS
Our exclusive program for families, Alaska, Galápagos—and launching in Dec. 2020 in Baja—is the only one of its kind. Developed in conjunction with National Geographic Education, it's designed to help kids and their families develop the attitudes, skills, and knowledge of an explorer. Families discover a unique way to explore and connect with each other and the natural world. And kids engage in a variety of cool optional activities, guided by a National Geographic certified field educator. Visit expeditions.com/family for program details.

SPECIAL 2020 ALASKA FAMILY OFFER:
Share Alaska with your kids or grandkids: Take 50% off kids (22 and under) on select May and August departures, or take 25% off kids on select June and July departures. See full offer terms and details on page 36 or call an Expedition Specialist.

DISCOVER CENTRAL AMERICA

SINCE THE DAYS OF THE ANCIENT MAYA, WHO FLOURISHED ALONG this coast some 1,500 years ago, civilization has had relatively little impact. Much of Belize remains genuine wilderness, with large expanses of dense tropical forest, miles of wild rivers, abundant bird life—and the largest, healthiest coral reef systems in North America. Few cruise lines venture into the areas we visit; *National Geographic Quest* is your only access, and the perfect platform for exploring. Using our fleet of Zodiacs, kayaks, and paddleboards, you'll explore crystalline waters, and land on isolated cays, some inhabited by seabird colonies, others mere patches of sugar-white sand with a scatter of palm trees.

Guanacaste's scenery is remarkably varied, ranging from towering active volcanos, to intricate mangrove and coral systems, and pristine beaches. Try canyoning for the first time, or horseback riding through the jungle, kayaking, and paddleboarding. Take a hike to spot kinkajous, howler monkeys, and sloths—and maybe even the tracks of a puma or jaguar. Strap on a snorkel to spot rays, turtles, and a colorful array of tropical fish. And take home indelible memories of a sojourn in a rare dry tropical forest.

WILD BELIZE ESCAPE: WILDLIFE, REEFS & RIVERS

6 DAYS/5 NIGHTS—ABOARD *NATIONAL GEOGRAPHIC QUEST*

Snorkel the colorful corals of the Belize Barrier Reef, explore the lush jungles on foot, and cruise coastal rivers in Zodiacs. Choose to explore further on our extension, and you will learn about the extensive Maya ruins of the Petén region, once the hub of classic Maya civilization.

THE NEW GOLD RUSH: DISCOVER THE CALIFORNIA COAST

WHEN YOU LOOK AT CALIFORNIA THROUGH AN EXPLORER'S

lens, there's so much to discover; an exciting prospect for 'left coast' lovers. Take the Channel Islands, for example. Five islands cupped within the span from Santa Barbara to L.A.'s San Pedro neighborhood, these islands are the best kept secret in the National Park system; one of the largest U.S. Parks, with 2,000 species of plants and animals, including 145 endemics. Now the swath of ocean that has kept these remote islands protected is effortlessly traversed aboard our expedition ships.

Explore the islands by walking miles of trails, paddling into sea caves, snorkeling, or photographing landscapes and bird colonies. Hike in a Torrey Pine grove, one of only two on Earth, through a river of pinecones to a picnic lunch perched high above with sweeping views of the land and natural harbor.

See iconic animals—American bison, bald eagles, and Channel Island fox.

Learn about the islands' human history too, from early ranches to their current protected status; and visit the famous community of Avalon, a haven for movie stars in Hollywood's golden era.

TO REACH THE AWE-INSPIRING CHANNEL ISLANDS NATIONAL PARK, you need a ship—and everything you want to truly explore them is aboard ours. Paddleboards, kayaks, and expedition landing craft, a welcoming crew, smart naturalists, a wellness specialist, even a Lindblad-National Geographic certified photo instructor. Explore natural wonders by day, then enjoy a sunset cocktail party on deck, and nights gazing at stars.

Reservations: To reserve your place, an advance payment is required at the time of reservation. A per-person deposit begins at \$750 and is dependent upon itinerary.

Final Payment: For expeditions aboard all ships with the exception of *National Geographic Explorer*, payment is due 90 days prior to departure. We reserve the right to cancel your reservation if payment has not been received by final payment due date.

Travel Protection Plan: We strongly recommend that you take advantage of our Travel Protection Plan. This plan offers comprehensive coverage to protect you from cancellation fees, costs incurred due to trip delays/interruption, medical assistance, and damaged or lost baggage, and provides medical assistance and evacuation during your travels. Our Travel Protection Plan is available for U.S. and Canadian residents only, and may be purchased any time prior to final payment due date. If you are not satisfied for any reason, you may return your plan within 10 days after purchase. Your premium will be refunded if canceled within 10 days, provided you have not already departed on the trip or filed a claim. When so returned, the coverage under the plan is void from the original date of purchase.

Responsibility and Other Terms & Conditions: Certain provisions concerning, among other things, limitations of Lindblad Expeditions' and the National Geographic Society's liability for loss of property, injury, illness or death during the voyage will be provided to all guests on the ship's ticket sent prior to departure, and are also available on our website at www.expeditions.com/terms, or upon request. By registering for a trip, the guest agrees to all such terms and conditions.

Note: Itineraries and prices listed in this brochure are as of publication date and are subject to change. Under normal conditions the total expedition price is guaranteed at the time of booking. However, our expedition pricing is determined far in advance of initial departure on the basis of then-existing projections of fuel and other costs. In the event of increases in those costs, including but not limited to increases in the price of fuel, currency fluctuations, increases in government taxes or levies, or increased security costs, we reserve the right to adjust the price of your expedition or add a surcharge to cover such unexpected increases. We will always provide an explanation of the reason for increase in costs.

Cancellation Policy: Cancellation penalties may apply after payment is received. Please visit www.expeditions.com/terms for complete cancellation policies.

Unused services or items included in our programs are non-refundable.
