IMMERSIVE EXPLORATION FOR EVERY GENERATION

Unforgettable Family Travel with Lindblad

Ships Built for Exploration and Comfort

With comfortable cabins, an informal ambiance, and plenty of tools to inspire exploration on board, the ships in the Lindblad Expeditions-National Geographic fleet make a perfect home base for families. Small and nimble, each vessel can navigate to secluded coves, through narrow fjords, and into sheltered lagoons, reaching more remote shorelines where your family can set out like true explorers to discover wild places together. The ships are equipped with a fleet of Zodiacs and kayaks, and some also carry snorkeling gear, paddleboards, and a glass-bottomed boat.

Suite Exclusives

This spring, the *National Geographic Explorer* debuted newly enhanced suites, each featuring its own Command Center that invites you to explore from the comfort of your cabin with tools like a barometer and a National Geographic Atlas. Guests who book suites on any of our expedition ships will also enjoy our new amenities package, which includes an in-room espresso maker, priority booking for spa treatments and igloo stays (select vessels), complimentary laundry, and other exclusive perks.

Expeditions-National Geographic

A Team That Makes Learning Fun

Your expedition team is made up of dynamic experts who are eager to share their knowledge. There are naturalists who can interpret humpback whale behavior, undersea specialists who share images from far beneath the water's surface, and cultural historians who can interpret local customs and traditions. On voyages that feature the National Geographic Global Explorers program, naturalists who have been specially trained as certified field educators join the team to lead enriching activities for kids and teens.

Take Great Photos With the Pros

A Lindblad Expeditions-National Geographic certified photo instructor (CPI) joins each voyage to assist travelers of all ages with everything from camera settings to composition. Every guest can stand side by side with top photographers, learn tricks of the trade, and return home with photos you never imagined you could take. On select ships, travelers also have access to a complimentary OM System Photo Gear Locker, stocked with lenses, camera bodies, and other equipment that you can test in the field. Visit **expeditions.com/photo** to learn more.

Family stand-up paddleboarding and kayaking, Floreana Island, Galápagos.

NURTURE THEIR PASSION FOR EXPLORATION WITH

Our Exclusive National Geographic Global Explorers Program

One of the most rewarding sights on expedition is witnessing the gleam of discovery in a child's eyes, whether they're walking amongst giant tortoises, gazing at the sculpted grooves of an iceberg, or watching a whale at water level during a Zodiac cruise. Moments like these are especially meaningful when complemented with the learning opportunities created by our National Geographic Global Explorers program, offered in naturally fun and fascinating places, including Alaska, Baja California, Galápagos, and on our *Journey to Antarctica: The White Continent* expedition.

Developed in conjunction with National Geographic Education, this hands-on, interactive program teaches kids and teens 18 and under how to explore like scientists and tell the stories of their surroundings. Your global explorers are led by National Geographic certified field educators who are experts at using the wild as a natural classroom.

Kids will hone their observation skills and learn to capture and share their experiences through photographs, videos, drawings, and more. With a range of activities to choose from, such as examining plankton under the ship microscope, making ice cream sundae glaciers, or earning a Zodiac "driver's license," this flexible program encourages young travelers to explore their own interests, whether it's marine biology, geology, or photography.

Left to right: A participant in the National Geographic Global Explorers program documents expedition discoveries in his field notebook; two young explorers come face to face with a Galápagos giant tortoise.

This hands-on, interactive program teaches kids and teens 18 and under how to explore like scientists and tell the stories of their surroundings.

National Geographic Global Explorer Program Highlights

Wildlife Watching

Hop into a Zodiac, zip along the shore, and then hike in search of wildlife and strange and interesting plant life. Snap photos with your smartphone and jot notes in your official National Geographic Global Explorers Field Notebook.

Microscopic Exploration

Drop a net over the side of your Zodiac to collect plankton, then check it under a video microscope to see how it looks and moves.

Video Shoots

Meet your certified photo instructor in the lounge and get tips on how to create impressive slow-motion and timelapse videos, then test out those new skills in the field.

License to Explore

Learn to operate a Zodiac and earn your "driver's license". (Sorry adults, kids only.)

Check Your List

Meet up in the lounge to go over all the wildlife you saw and mark it down in your field notebook. Be sure to include creatures big and small—whether it's a humpback whale in Alaska, or tiny krill in Antarctica. Add the day's points to your tally so that you can keep track of your progress on becoming certified as a National Geographic Global Explorer.

New Friends and Fun Adventures

Meet up with your new friends for fun activities with your Certified Field Educator. Depending on the day it might be a pizza dinner, fun games in the lounge, a special National Geographic Global Explores hike, or other surprises.

Night Sky

Head to the top deck to watch the stars come out as the sun goes down. Find new constellations with the help of your naturalists and make notes of them.

INSPIRE THEIR INNER EXPLORER: Visit **expeditions.com/globalexplorers** for program details.

WHAT TO EXPECT

Expedition Cruising for Families

Expedition cruising is a great fit for families—whether you are parents traveling with grade-schoolers or grandparents bringing along the whole brood for a college graduation celebration. With activities that combine learning and fun and a team of dynamic experts leading the way, each day is full of discoveries that awaken new passions no matter your age.

Why are expedition cruises ideal for kids and families?

They are an exhilarating combination of exploration and education, where each day is full of hands-on learning on board and on shore. The ship is casual and comfortable—a home base where your family can share the thrill of discovery and make lifelong friendships with other families that are enthusiastic about exploring.

What age groups would enjoy expedition cruising?

There is something for everyone, from the second grader fascinated by ship navigation to the teenager who loves the freedom of kayaking, to the grandparent who never misses a naturalist talk. Your family makes memories together, and yet every generation can enjoy the experience their own way.

A couple cross-country skiing on the sea ice of the Antarctic Peninsula.

Which destinations and seasons are best for families?

It depends on your family's interests! Are you seeking glaciers or desert islands? Penguins or polar bears? Every voyage offers daily opportunities for hands-on exploration, and in certain destinations, kids can also take part in the National Geographic Global Explorers program. Families are welcome year-round, but there are more on board during school breaks and summertime.

What types of activities can children participate in?

Any of our expert-led excursions, from snorkeling with sea turtles to zip-lining through a rainforest canopy. In the National Geographic Global Explorers program, they might collect specimens to view under a microscope or learn to identify wildlife on a naturalist-led hike.

Are there accommodation options for families?

Families often reserve adjacent rooms, and several of our ships have adjoining rooms that turn two cabins into a family suite.

What can kids do on the ship?

Kids tend to love down time on board: they are free to roam and explore their interests, but never far from family. They can examine footage of sea creatures with an under-sea specialist or visit the open bridge to see the captain demonstrate how navigation instruments work. They might read a book in the lounge, or play a board game with new friends. They have just enough independence—and plenty of ways to stay entertained under the care of our crew.

How far ahead of time should you book an expedition cruise for your family?

We recommend booking as far out as possible so you have flexibility to reserve the cabins and dates that suit your family.

From top: A pair of paddlers navigate Alaska's iceberg-dotted waters; young explorers pose in front of a tidewater glacier in Alaska; an encounter with a sea lion in Galápagos.

“As soon as my family dove in, we were surrounded by playful sea lions who were equally as captivated by us as we were by them. Some of the young pups tried to replicate our every move. Others floated and stared at us, as if they were mesmerized.”

- **Dana Ng,**
Baja California traveler

OCEANER

SEAMLESS EXPLORATION

Stress-Free Family Travel

Let us handle all the details of your trip for a seamless, stress-free experience. We'll help you book flights and transfers, make sure you get everywhere in time, and arrange land accommodations for before or after your expedition if you want to arrive early or linger later.

Once you're on board, you will find a comfortable home at sea—unpack once and you are free to immerse yourself in the experience. You'll enjoy choice and flexibility for the whole family, with multiple options daily to ensure multi-generational fun. Each day's activities are published the prior evening, so the only decisions your family has to make are whether to go kayaking or hiking. As long as your young ones have an adult in tow, you could even split up so that everyone gets to do what interests them most.

Meals are informal and easy, with generous breakfast and lunch that will tempt even the pickiest palates, and dinner menus that suit a range of tastes. Our chefs draw on ingredients and cuisine from the ports we visit, giving your crew the chance to sample new flavors and local dishes. And with snacks and beverages available on board, cravings can always be satisfied.

Clockwise from left: Kids create sand dollar art on a beach in Baja California; a National Geographic Global Explorer tries her hand at driving a Zodiac; three generations traveling together in Alaska; new friends look at a photograph together.

NATIONAL GEOGRAPHIC CERTIFIED FIELD EDUCATORS

Handing Down Natural Knowledge

Wild places like Alaska and the Galápagos hold infinite learnings for young travelers who are nurturing new relationships with the natural world. The certified field educators at the helm of the National Geographic Global Explorers program are experts at interpreting the fascinating stories of species and their habitats so that kids and teens can return home inspired by the planet and primed to protect it. Here, these mentors share what drives them to lead the next generation of explorers.

Tim Martin, *Naturalist, Alaska*

"You only get one opportunity to see a grizzly bear for the first time. After that first experience, the next best thing is to share in that moment with others. Fostering an explorer's mindset with youth is an experience that is always rewarding.

We only protect what we care about. We only care about what we know. We only truly know about things we have experienced. My hope is that the experiences I share with young explorers on expeditions inspire them to care about these wild places and that they will become ambassadors to help protect and preserve them for future generations."

A naturalist uses a National Geographic Global Explorers field notebook to help kids identify Alaska wildlife.

Clockwise from top: A rainforest guide teaches young travelers; a National Geographic Global Explorer sees how her wingspan measures up; measuring brown bear tracks.

Ramiro Adrian

Naturalist, Galápagos

"Kids and teens have the opportunity to create new ways of interacting with the world around us, and in the National Geographic Global Explorers program, we foster this by helping young travelers change their relationships with wild places. When we go snorkeling with underwater creatures or hiking to see species in their natural environments, kids are inspired to ask questions and connect ideas, and we as field educators share in this learning process. It is amazing to find answers to the kids' questions in observable, real-world moments."

Kimberly Baldwin

Naturalist, Alaska

"I deeply believe that fostering positive interactions between youth and nature is the way to motivate future citizens in awareness and passion for stewardship. The youth love the activities in the National Geographic Global Explorers program. They will always remember some of the big excursions, like driving the Zodiacs. Sometimes, a young explorer writes in their journal about a simple moment she and I shared just looking closely at a captured crab or flower. You never know what they will find profound in their experience."

SMALL TRACKS, BIG IMPACTS

How One Young Explorer is Helping Galápagos

National Geographic Global Explorers program alumna Sophie came to the Galápagos at the age of seven to pursue her passion for wildlife. During a voyage brimming with incredible animal sightings, one particular encounter left a lasting impression—and inspired the young explorer to take action from her home halfway across the world.

Sophie Meets George

When Sophie and her family boarded *National Geographic Endeavour II* for a 10-day adventure in the legendary wilds of Galápagos, they never imagined that the most impactful moment of their journey would happen inside the walls of the Charles Darwin Research Station (CDRS). "When I saw the preserved 'Lonesome George,' I was very sad!" says Sophie. "He was the last giant tortoise from Pinta Island. I could not believe that all the Pinta giant tortoises are now extinct because of humans."

> *"When I saw the preserved 'Lonesome George,' I was very sad! He was the last giant tortoise from Pinta Island. I could not believe that all the Pinta giant tortoises are now extinct because of humans."*
>
> – **Sophie**, ***National Geographic Global Explorers participant***

An Advocate for Animals

Sophie returned home to Switzerland prepared to make positive changes for the planet. She started with small fundraising initiatives—organizing a garage sale and asking for donations instead of presents for her birthday. In that first wave, she succeeded in raising $500.

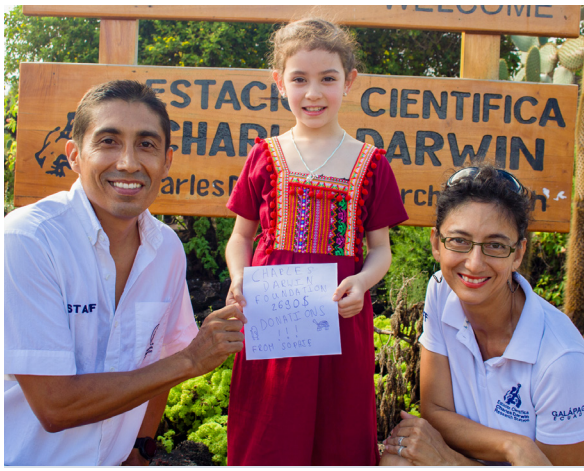

Two years later, Sophie received the exciting news that she would return to Galápagos, so she stepped up her fundraising efforts for CDRS. She created a GoFundMe page, and by the time she left for Ecuador, Sophie had collected a total of $2,650.

A Very Special Delivery

When the team at CDRS heard about Sophie's accomplishment, they invited her to deliver her donation in person and get a behind-the-scenes look at their work. Sophie was also presented with a certificate of donation and learned that her contributions would help tag and monitor Galápagos penguins and assess the health of giant tortoises.

Sophie is more determined than ever to help conserve this fragile environment. She asked her mom to start a nonprofit association—together they launched Tunememi Conservancy to help raise awareness for species preservation. Sophie wants to continue doing her own fundraising for the Charles Darwin Foundation and dreams of one day becoming a scientist.

Clockwise from left: Animal activist Sophie poses with a Galápagos giant tortoise on Santa Cruz Island; Sophie stops for a photo op overlooking the iconic Pinnacle Rock; taking a closer look on a tour of the Natural History collection at CDRS; Sophie delivers her donation, along with a personal note for the staff at CDRS.

A group of new friends take advantage of a sledding opportunity in Antarctica.

THE POLAR REGIONS

Antarctica & Arctic

Journey to the top or bottom of the world and discover icy waters populated by polar bears or penguins. Spot all kinds of whales, sail past icebergs that tower over our ship, and take on the challenge of a polar plunge.

Journey To Antarctica: The White Continent

14 DAYS | FROM $15,840/PP
Come for the penguins, fall in love with the ice.

VISIT EXPEDITIONS.COM/ANTARCTIC

A Circumnavigation of Iceland*

10 DAYS | FROM $16,790/PP
Experience a wild land of geological extremes.

VISIT EXPEDITIONS.COM/CIRCUMNAVIGATE

Land of the Ice Bears: An In-Depth Exploration of Arctic Svalbard*

10 DAYS | FROM $12,850/PP
One of the planet's best places to spot polar bears.

VISIT EXPEDITIONS.COM/BEAR

Wild Greenland Escape*

6 DAYS | FROM $8,890/PP
A unique getaway among epic ice and inuit culture.

VISIT EXPEDITIONS.COM/WILDGREENLAND

EXCLUSIVE SAVINGS: On select departures, enjoy special offers on airfare, family and group travel, and more. See page 30 for details.

* Arctic programs do not offer offer the National Geographic Global Explorers Program.

A wild sighting warrants a closers look in Alaska.

NORTH AMERICA

Alaska

Get immersed in nature's epic beauty in Alaska, where you can paddle into fjords, ride a Zodiac to the foot of a glacier, learn about the music and art of an ancient culture, and watch humpbacks bubble-net feeding.

Exploring Alaska's Coastal Wilderness

8 DAYS | FROM $7,560/PP
Sail into the wildest corners of the Inside Passage.

VISIT EXPEDITIONS.COM/ALASKAWILDERNESS

Wild Alaska Escape: Haines, the Inian Islands & Tracy Arm Fjord

6 DAYS | FROM $4,800/PP
Hike, kayak, and raft along rugged, wildlife-rich coastlines.

VISIT EXPEDITIONS.COM/ALASKANORTH

Wild Alaska Escape: LeConte Bay, Wrangell, and the Misty Fjords

6 DAYS | FROM $4,800/PP
Explore Alaska's wildness and culture.

VISIT EXPEDITIONS.COM/ALASKASOUTH

The Glaciers of Prince William Sound

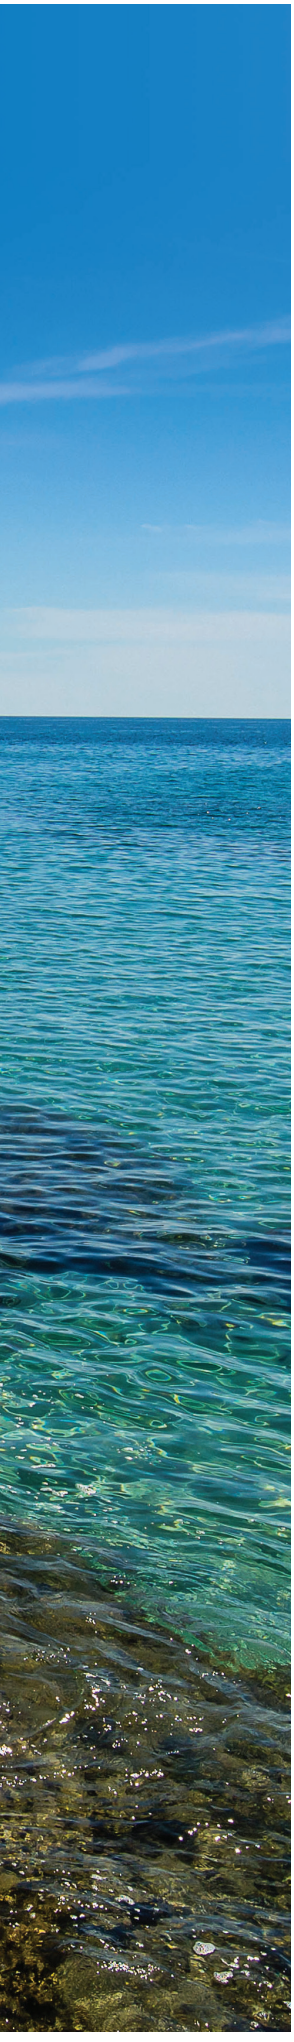

6 DAYS | FROM $4,950/PP
Venture to the isolated, glacier-ringed Prince William Sound.

VISIT EXPEDITIONS.COM/PRINCEWILLIAM

Hikers exploring the sandstone shoreline, Baja California.

NORTH AMERICA

Baja California

Discover the rich waters off Baja California, where gray whales come to breed each year. Hike desert islands dotted with barrel cactuses and kayak into secret coves; then head out by Zodiac to encounter whales, dolphins, and other marine life.

Baja California: Among the Great Whales

8 DAYS | FROM $6.930/PP
Witness a remarkable spectacle of marine life.

VISIT EXPEDITIONS.COM/BAJAWHALES

Wild Baja California Escape: The Whales of Magdalena Bay

6 DAYS | FROM $4,040/PP
Discover the magic of days spent among whales.

Take Advantage of our Special Offers

Book by June 30, 2023. Valid for new bookings only on select departures, subject to availability, and may not be combined with other offers. Call for details.

FREE ROUND-TRIP AIR: Receive free round-trip airfare between Miami, New York, Houston, Dallas, and Los Angeles–or from $249 and $349 per person from popular home cities–and Galápagos on select 2023-2024 departures of **Galápagos Aboard *National Geographic Endeavour II*** and **Wild Galápagos Escape**. Upgrade to business class from $750 per person. Offer valid on American Airlines only, economy class, and includes internal flights between mainland Ecuador and Galápagos. Valid for new bookings only, subject to availability, and may not be combinable with other offers. Baggage fees may be additional and seat assignments may not be guaranteed.

AIR INCLUDED UP TO $5,000: Airfare included up to a ticket value of $2,000 per person when booking economy-class in a Category 1-5 cabin, including solo cabins, or up to $5,000 per person when booking business-class in a Category 6 cabin or higher. To qualify for the offer, it must be ticketed by Lindblad Expeditions. In the case that airfare at the time of booking is higher than $2,000 or $5,000 per person (as applicable), guest will be required to pay any amount in excess of $2,000 or $5,000 per person (as applicable). Valid on select 2023 and 2024 departures of **Journey to Antarctica: The White Continent** from Miami, Dallas, Boston, Washington DC, Los Angeles, Philadelphia, Chicago, New York or San Francisco into Buenos Aires or Santiago. Baggage fees may be additional and seat assignments may not be guaranteed.

$700 AIR CREDIT: Receive $700 per person air credit, deducted from cabin fare prior to any additional applicable savings. Valid on select 2023-2024 departures of **Wild Costa Rica Escape: Exploring Guanacaste's Natural Wonders** and **Wild Belize Escape: Wildlife, Reefs, and Rivers**, and is not applicable on extensions.

$700 AIR CREDIT OR FREE EXTENSION: Receive $700 per person air credit or a free 3-day pre-or-post voyage extension in Panama City. Air credit amount will be deducted from cabin fare prior to any additional applicable savings. Valid on select 2023-2024 departures of **Costa Rica and the Panama Canal**.

$500 AIR CREDIT: Receive $500 per person air credit, deducted from cabin fare prior to any additional applicable savings. Valid on select 2024 departures of **Wild Baja California Escape: The Whales of Magdalena Bay**, and is not applicable on extensions.

COMPLIMENTARY PRE-VOYAGE HOTEL: Enjoy a complimentary pre-voyage hotel stay in Loreto, Mexico. Valid on select 2024 departures of **Wild Baja California Escape: The Whales of Magdalena Bay**.

$350 AIR CREDIT: Receive $350 per person air credit, deducted from cabin fare prior to any additional applicable savings. Valid on select 2023 departures of **Baja California Holiday Voyage: A Living Sea & Desert Isles**, and is not applicable on extensions.

FAMILY SAVINGS: On select 2023 **Alaska** and **Galápagos** departures, two full-paying adults may bring a guest aged 22 and under at 50% off and a second guest aged 22 and under for FREE. Offer applicable only on bookings of two double-occupancy cabins, and second cabin must be in same category or lower as first cabin. A solo full-paying adult is welcome to bring one guest aged 22 and under at 50% off and a second guest 22 and under for free when booking a single double- or triple-occupancy cabin, pending availability. Valid on cabin fare only, not valid on extensions or airfare.

BRING THE KIDS: We believe sharing an expedition with children is a life-enhancing experience. Take $500 off for each child under the age of 18 on any departure. Not applicable on extensions.

SAVE 10% OFF BACK-TO-BACK VOYAGES: Save 10% on any consecutive voyages taken aboard our expedition ships, applicable on voyage fares only, for new bookings.

TRAVELING AS A GROUP: Save 5% when traveling as a group of eight or more. Valid on voyage fares only and not applicable on extensions or airfare. Deposit, final payments, and cancellation policies for group travel vary from our regular policies.

CELEBRATING LIFE'S MILESTONES: Celebrate a milestone with a group of eight or more and enjoy a special amenity package including: 5% savings on booking, custom group photo, $150 shipboard credit, and other special gifts. Milestone celebration to be communicated at time of booking.

COMBINING OFFERS: Certain offers may be combinable: up to two savings opportunities, except where noted otherwise. For example, travel with a group of eight or more on back-to-back voyages and take advantage of both savings.

Inclusive Pricing

CREW GRATUITIES

We will cover your tips to the ship's crew on all departures aboard *National Geographic Endurance, National Geographic Resolution,* and *National Geographic Explorer*.

COMPLIMENTARY WI-FI

Enjoy free Wi-Fi, up to one hour a day per person, aboard *National Geographic Islander II* and *National Geographic Endeavour II.*

Reservation Information

Terms & Conditions: For complete terms and conditions please visit expeditions.com/terms

Pricing: For best pricing book early. Prices quoted in this brochure are per person based on double occupancy in USD, and based on select departures. Prices quoted are valid at the time of printing, June 1, 2023, are subject to change and availability at time of booking, and are not guaranteed until required deposit is made. Visit expeditions.com or call for all pricing.

Pricing Includes: All accommodations aboard ship or in hotels per itinerary or similar; all meals and nonalcoholic beverages* aboard ship; meals on land as indicated, accompanied by nonalcoholic beverages; air transportation where indicated as included; shore excursions; sightseeing and entrance fees; special access permits; transfers to and from designated flights; use of snorkeling equipment, wetsuits, kayaks, stand-up paddleboard, cross-country skis, and snowshoes (where applicable); complimentary parka or jacket (in the polar regions); tips (except to ship's crew*); taxes and service charges; services of a ship physician and services of our expedition staff. Unused services or items included in our programs are non-refundable.

*All departures aboard *National Geographic Endurance*, *National Geographic Resolution, and National Geographic Explorer* include alcoholic beverages aboard ship (except certain super-premium brands) and tips to the ship's crew. *National Geographic Islander II* and *National Geographic Endeavour II* also include alcoholic beverages. Beer and wine are included on all 2023 departures aboard *National Geographic Venture, National Geographic Quest, National Geographic Sea Bird*, and *National Geographic Sea Lion*. Enjoy free beer, wine and Pisco Sours with meals on all 2023 departures aboard *Delfin II*. Starting in 2024, full bar tab (excluding certain super-premium brands available for purchase) will be included aboard *National Geographic Quest, National Geographic Venture, National Geographic Sea Bird*, *National Geographic Sea Lion*, and *Delfin II*.

Not Included: Air transportation (except where specified as included); charter airfare (where applicable) extensions; passport; visa; immigration fees; meals not indicated; travel protection plan; and items of a personal nature, such as internet access, and laundry.

Airfare: For all programs, airfare is an additional cost unless otherwise indicated. We will gladly assist in making your air arrangements for a $50 per person service fee.

Reservations, Deposits, and Final Payments: To reserve your place, an advance payment deposit is required at the time of reservation. Receipt of advance payment deposit indicates your acceptance of the terms and conditions. Final payment schedule can be found online. Visit expeditions.com/terms for complete details about deposits and final payment schedules which may vary by ship.

Travel Protection Plan: We strongly recommend that you take advantage of our Travel Protection Plan. This plan offers comprehensive coverage to protect you from cancellation fees, costs incurred due to trip delays/interruption, medical assistance, and damaged or lost baggage, and provides medical assistance and evacuation during your travels. Our Travel Protection Plan is available for U.S. residents only and may be purchased any time prior to final payment due date. If you are not satisfied for any reason, you may return your plan within 10 days after purchase. Your premium will be refunded if canceled within 10 days, provided you have not already departed on the trip or filed a claim. When so returned, the coverage under the plan is void from the original date of purchase.

Responsibility and Other Terms & Conditions: Certain provisions concerning, among other things, limitations of Lindblad Expeditions' and National Geographic Expeditions' (a division of National Geographic Partners, LLC) liability for loss of property, injury, illness, or death during the voyage will be provided to all guests on the ship's ticket sent prior to departure, and are also available on our website at expeditions.com/terms, or upon request. By registering for a trip, the guest agrees to all such terms and conditions.

Cancellation Policy: Call for details or visit expeditions.com/cancellation-policy

New Expedition Dates, Same Exceptional Experiences: Beginning in 2024, Day 1 of our itineraries will no longer reflect "departure from the U.S." and will reflect "arrival to the city" where your expedition begins. The actual durations of expeditions will remain unchanged. Visit expeditions.com/newdates for details.
