Our classic Antarctica itinerary delivers huge tabular icebergs, sculptural bergs floating in pools of turquoise blue melt water, mountains rising some 9,000 feet straight up from the sea, penguins galore, abundant marine mammals and extraordinary experience such as cruising through the solemn majesty of the Lemaire Channel, among many more. Spend your days and nights in a rapture of discovery.

Settle into the Alvear Art Hotel (or similar) before seeing the city's Beaux-Arts palaces and the famous balcony associated with Eva Perón. Or check into the Hotel Santiago by Mandarin (or similar) before our guided overview of this vibrant city backed by the inspiring Andes. (Day 2: L)

DAY 5-10: EXPLORING ANTARCTICA

With long hours of daylight at this time of year, we have ample opportunity to explore the Antarctic Peninsula and the surrounding islands. In keeping with the nature of an expedition, the schedule is flexible so that we can take advantage of the unexpected—watching whales at play off the bow, taking an after-dinner Zodiac cruise, or heading out on an unplanned excursion. We anticipate offering opportunities each day to hike, kayak among the ice floes, and experience close encounters with wildlife. You may have the thrill of watching our powerful ship crunch
