Experience Authentic & Immersive Exploration with Lindblad Expeditions—National Geographic

The Ultimate Expedition Fleet
The small expedition ships in the Lindblad Expeditions National Geographic fleet are designed to take you to the far corners of the globe with Lindblad Expeditions, and have been there as our team members—along with our inquisitive and intrepid guests—have discovered and designed some of the best experiences our world has to offer.

In-Depth Underwater Programs
As part of our underwater program, developmented with National Geographic, an underwater specialist joins each voyage to document and interpret the marine environment for our guests.

Explore Antarctica in the Spring
Travel to Antarctica’s southernmost continent in October to see the shifting light of spring, when pink baby seals and penguins are cover- ing nesting grounds.

Follow in the Footsteps of Ernest Shackleton
Trace the riveting story of Shackleton’s fateful 1914 expedition to his final resting place on South Georgia.

Meet the Orangutans of Borneo
Join one of our exclusive trips to a rainforest reserve and interact with orphaned orangutans of all ages.

Gain Special Access in Patagonia
Venture to Darwin’s famed living laboratory and walk amid wildlife unfazed by your presence.

Dive into a crystal-clear lake and float among hundreds of rare stingless jellyfish for a mesmerizing underwater experience.

Set Out on a Penguin Safari
Delight in the chance to spot eight of the world’s 18 penguin species, four of which are only found in New Zealand and are not found on islands.

Check Rare Species Off Your Birding List
Spot rare birds like the Kākā on a voyage to New Zealand, home to nearly 100 endemic avian species.

Swim With Stingless Jellyfish in Palau
Swim with one of the world’s most mysterious marine creatures.

Commune with Iconic Galápagos Creatures
Visit the White Continent in November or December to see it under the shifting light of spring, when twilight casts blue and purple hues over the far corners of the globe with Lindblad Expeditions.

Gain Special Access in Patagonia
Be one of the few people in the world to witness the soaring peaks and endemic vegetation of Patagonia.

Receive 25% off plus a $1,000 per person credit to offset your airfare when you book any of the enclosed itineraries between June 8-23, 2023 for 2023-2024 VOYAGES | EXPEDITIONS.COM

Dear Traveler,
In 1977, I launched my first small-ship expedition as a naturalist and lecture aboard the M.S. Lindblad Explorer. It’s safe to say the experience stuck with me. I spent the next 45 years traveling to the far corners of the globe with Lindblad Expeditions, and have been there as our team members—along with our inquisitive and intrepid guests—have discovered and designed some of the best experiences our world has to offer.

I’m writing to share some favorite moments from my more than 700 expeditions across every ocean and continent. They run the gamut, from mind-blowing wildlife encounters to scenery so grand it defies superlatives. These experiences are linked by the imprints they left on my memory and by the camaraderie they kindled among all those who shared in them—whether they were a traveler visiting the destination for the first time or one of our experts who had devoted their life to exploring it.

As we celebrate World Ocean Day this June, I would like to extend an exclusive offer to help you enjoy these special experiences: When you book any of the enclosed itineraries between June 8-23, 2023, receive 25% off plus a $1,000 per person credit to offset your airfare.

I hope they inspire you to discover even more of this wonderful world.

Sincerely,

Tom Ritchie
