**The sister ship to *National Geographic Endurance*,
she explores polar & temperate regions**

Our second new polar build, *National Geographic Resolution*, is named to honor the second voyage of the legendary Captain James Cook.

A fully-stabilized vessel of the highest ice class (PC5 Category A), she will enable adventurous guests to go where few have or can. *Resolution's* most striking exterior feature is her distinctive profile, the patented X-Bow®, a game-changing design that guarantees the smoothest, most comfortable ride in all kinds of conditions; and since it eliminates bow impact, a quieter ride, as well.

An equally impressive feature may well be her capacity: she carries just 138 guests, a commitment to expedition excellence over scale. Scandinavian-inflected, luxuriously appointed, her inviting interiors would be a destination in themselves. Because she is a Lindblad expedition ship, however, her attention is focused on the world outside— with acres of window glass to keep you connected to the stunning views beyond the pane, and a fleet of expedition tools to get you out exploring.

National Geographic Endurance and *National Geographic Resolution* are next-generation expedition ships. Purpose-built for polar navigation. Fully stabilized, highly strengthened, ice-class Polar Code PC5 (Category A) vessels, they are designed to navigate polar passages year-round, and safely explore uncharted waters, while providing exceptional comfort. The patented X-bow[®] is key to their design; its powerful wave-slicing action provides an extremely smooth ride even in adverse conditions, and even reduces spray on deck for superior observation. They carry a full suite of expedition tools, and offer a variety of experience enhancing amenities.

Cabin Categories

Category 1

Ship amenities

Public Areas

Reception; three dining areas; an observation lounge with bar, gym, wellness area, infinity-style outdoor hot tubs with adjacent igloos; library; main lounge with full service bar, 24-hour beverage station, state-of-the-art tech for films/presentations; B&H Photo locker and a photo workshop area; science hub; an onboard broadcast studio; an expedition base with lockers for expedition gear; and open access to the Bridge, Captain, officers and on-duty wildlife spotters.

Meals

Restaurant 270° features wrap-around views; two other dining areas offer lighter, made-to-order fare or intimate, small group dinners. All feature sustainable choices, local where possible, and unassigned, flexible, inclusive seating.

Cabins

All cabins face outside with large windows, private bathroom, and climate controls. Cabins are equipped with expedition command centers with iPad tablets, multiple electrical and USB outlets, TVs, with on demand entertainment, phone, Wi-Fi, clock, barometers, hygrometers, vanity mirror, mini refrigerator, small safe, ice bucket, glasses, hair dryer, reading lights and National Geographic Atlas. Luxury linens and pillows. Bathrooms outfitted with Rain showers & hand held shower, botanically inspired shampoo, conditioner, shower gel and lotion. Complimentary insulated water bottles. Balcony cabins have hammocks, chairs and table.

Expedition Equipment

Zodiac landing craft, kayaks, snowshoes, cross-country skis, an ROV and underwater video camera for unique access to the polar undersea, hydrophone, aerial remote-controlled camera and video microscope.

Special Features

A full-time doctor, undersea specialist, National Geographic photographer, Lindblad-National Geographic certified photo instructor and video chronicler, an internet cafe and laundry. A forward and aft staircase, and elevators, reach all decks. Echoing the pioneering installation aboard *National Geographic Endurance*, artist Zaria Forman has curated a new exhibit, featuring a wide range of artists.

Wellness

A glass-enclosed yoga studio, gym, treatment rooms and spa relax area, and high and low-heat saunas with ocean views, staffed by wellness specialists.

Self-Disinfecting Ships

ACT Clean Coat™ is a light-activated, self-disinfecting cleaning process that continuously breaks down viruses, bacteria, mold, and airborne allergens across all ship surfaces. Not only does this create a cleaner, healthier shipboard environment for guests and crew alike, but this non-toxic, chemical-free system also saves more than one million gallons of water each year in our cleaning procedures, and reduces our carbon footprint as well as the amount of plastic and waste in our supply chain.
