We begin our day at a butterfly farm where we’ll have the opportunity to see dozens of local species, including individuals of the morpho genus appearing brown with closed wings, only to open and spread to display their fantastic azure coloration. After, we drive to Lake Arenal and cross in small boats for a striking perspective on the volcano. Once on the far side, we check into and enjoy our elegant hotel surrounded by tropical forests, gardens, and pastures. Here we have views towards the cone of the smoldering Arenal Volcano, a truly classic Costa Rican scene. Later, relax in some of the naturally heated thermal pools which dot the Arenal landscape. At the conservancy, you’ll learn about the history of the region and important conservation work taking place on Tortuguero’s beaches. We dine tonight at Miss Junies, a restaurant with a rich heritage and Afro-Caribbean flair, overnighting in our rustic lodge at the water’s edge. (B,L,D)
