A high Arctic archipelago situated beyond Norway’s fjord-fretted coast, a mere 600 miles from the North Pole, Svalbard is a place of deep fjords, snowcapped mountains, and massive sheets of ice—glowing under the midnight sun during our season there. It’s a magnificent polar bear habitat that provides opportunities for thrilling up-close observations of polar bears and other Arctic wildlife. It’s Arctic nature in its purest form.

DAY 4-9: Exploring Svalbard
Our travel in the archipelago is truly exploratory by design, and our exact day-to-day movements will remain flexible, depending on local conditions.

Our main focus is the search for Svalbard’s amazing wildlife: polar bear, reindeer and walrus. Observe seals and arctic foxes and search for the very symbol of the Arctic—majestic polar bears. Cruise in Svalbard’s fjords, venture to the foot of stunning tidewater glaciers. We take our Zodiacs and kayaks among beautiful icebergs, and experience the geology, wildlife and wildflowers that give color and vitality to the High Arctic. (B,L,D)

DAY 10: Longyearbyen/Disembark/Oslo
Disembark in Longyearbyen, meet up with a local guide and take a short bus ride to Camp Barentz in the nearby Advent Valley for a taste of Arctic culture. Here, you’ll discover a unique collection of buildings including an authentic gamme, a traditional round building with an open fire in the center, and a lavvo, the traditional tent of the Sami people. Enjoy refreshments and meet some of the friendly, sled dog huskies that reside at camp. Fly back to Oslo and overnight at the SAS Radisson Blu Airport Hotel. (B,L)
