ICELAND’S WILD WEST COAST TO EAST GREENLAND

13 Days | Nat Geo Endurance | 126 Guests | Expeditions in: Sep | From $12,520 to $25,890

Sail the route of early Viking explorers and discover a region of epic ice home to the Arctic’s iconic creatures: polar bears, whales, and vast seabird colonies. Actively explore Iceland’s Westfjord region: hike through valleys awash in wild orchids, mountain aven, wild thyme, and woolly willow; make your way over layers of basalt visibly cracked and carved in the last ice age; feel the spray of thundering waterfalls. Ice permitting, venture into the largest fjord system in the world to cruise among magnificent icebergs and visit the welcoming communities where people live close to their ancestral traditions. Follow in the wake of the 10th-century Viking explorers learning of their bold, history-making expeditions.

**DAY 1: Depart North America**
Depart from the New York area on an overnight flight to Reykjavik, Iceland. (New York is a convenient gateway for most, but other air alternatives are available.)

**DAY 2: Reykjavik, Iceland/Embark**
Upon arrival, explore Reykjavik’s Old Town, including Hallgrímskirkja Cathedral and the National Museum with its Viking treasures. Then, embark our ship. (L,D)

**DAY 3: Flatey Island, Iceland**
Explore Iceland’s wild western frontier. Visit charming Flatey Island, a trading post for centuries, for walks around the 19th-century hamlet, and opportunities to see and photograph numerous species of birds. Zodiac cruise the coast and see where Erik the Red sailed from in the year 982 A.D., bound for Greenland. (B,L,D)

**DAY 4: Crossing the Denmark Strait**
Cross the Denmark Strait, where the cold east Greenland current carries icebergs south. Enjoy presentations and be on the lookout for northern lights displays at this time of year. (B,L,D)

DAY 5-10: Exploring Northeast Greenland & Scoresbysund
Encompassing roughly 80% of the surface of Greenland, the Greenland ice sheet is the second largest body of ice in the world. Weather and ice will dictate our exact route, but we plan to explore well north of Scoresbysund, in the largest national park in the world—Northeast Greenland National Park. We will also set a course for Scoresbysund, the largest and longest fjord system on earth, with the village of Ittoqqortoormiit at its entrance. Being the end of summer, the ice will have retreated as far as it ever does, allowing us to explore the fjords, bays, nooks and crannies of this stunning coastline. We hope to see the iconic arctic wildlife: polar bears, seals and whales. We’ll also be on constant watch for the Northern Lights, conditions permitting. (B,L,D)

DAY 11-12: Crossing the Denmark Strait/Exploring the Westfjords, Iceland
We return across the Denmark Strait headed just south of the Arctic Circle to the Westfjords, a remote area backed by majestic cliffs. Explore Ísafjörður and taste some Icelandic culinary delicacies, or visit a center dedicated to Arctic foxes. Learn about the fishing industry that was the mainstay of this town for generations. (B,L,D)

DAY 13: Reykjavik, Iceland/Disembark/Home
Disembark in Reykjavík with options to visit either the famous Blue Lagoon thermal baths or a hot spring, a geothermal power plant, and an Icelandic horse farm, prior to the flight home. (B,L)

2020 Departure Dates:
18 Sep

2021 Departure Dates:
20 Sep

Important Flight Information
* Please confirm arrival and departure dates prior to booking.

Advance Payment:
$1,000

Sample Airfares:
Economy: from $670
Business: from $2,400
